September 24, 2020

To the Honorable Mayor, Members of the City Commission, and the Citizens of the City of Fargo, North Dakota.

I am pleased to submit the Comprehensive Annual Financial Report (CAFR) for the City of Fargo for the fiscal year ending December 31, 2019. This report satisfies audit and financial reporting requirements pursuant to North Dakota Century Code 54-10-14 and the Uniform Guidance.

This report is prepared by the City's Finance Department in accordance with generally accepted accounting principles. The Finance Department is responsible for the accuracy, clarity, and presentation of the financial statements. We believe this report fairly and accurately presents the financial position of the City and the results of operation of the various funds for the period covered, and that all disclosures necessary for such presentation have been included.

Eide Bailly LLP has issued an unmodified "clean" opinion on the City of Fargo's financial statements for the year ended December 31, 2019. The independent auditor's report is located at the front of the financial section of this report. There were no audit findings or management comments.

It is management's responsibility to develop a system of internal controls to safeguard the assets of the City. In developing the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. Because the cost of internal controls should not exceed their benefits, the City's internal controls are designed to provide reasonable basis rather than absolute assurance that the financial statements will be free from material misstatement. We assert that this financial report is complete and reliable in all material respects.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements. Management's Discussion and Analysis is included in this report on page 4. This letter of transmittal has been designed to compliment the MD&A and should be read in conjunction with it. The MD&A contains a more detailed analysis of changes in financial condition.

CITY OF FARGO PROFILE

The City of Fargo was incorporated in 1875 and is located in the eastern border of North Dakota at the intersection of Interstate Highways I-29 and I-94. This regional economic center continues to expand with a trend of consistent growth over the past several years. The current population estimate of 126,842 represents a 20% growth since 2010. Health care, education and retail have a strong presence that expands the local economy into a broader regional economic center. The City is empowered to levy taxes on real property located within its boundaries and continues to expand its size with many annexations completed in the past few years. A recent demographic study expects Fargo's population trend to continue to grow for the next several years 171,000 by 2040.

The City of Fargo operates under a Home Rule Charter, established in 1986, with a Mayor-Commission form of government. Policy making and legislative authority is vested in a five member Commission. The City Commission is responsible for policy and ordinance adoption, approving budgets, committees, and

serving needs of the community. The Mayor and City Commissioners are elected at large and serve four year terms. Tim Mahoney is the Mayor. He has served as a City Commissioner since 2005, as interim Mayor in December of 2014, and Mayor since that time. A municipal election was held in June of 2020. The election resulted in one new commissioner being elected. Commissioner Arlette Preston replaced Commissioner Tony Grindberg.

All Department Heads serve on the Mayor's Cabinet that is used as a forum to communicate City and community issues. The City Administrator, Bruce Grubb is the liaison to the City Commission and is responsible for overseeing the day-to-day operations of the City and its eighteen Departments. Michael Redlinger is the Assistant City Administrator.

The City of Fargo provides a full range of governmental services including public safety, construction and maintenance of infrastructure, public utilities including water, wastewater, solid waste and urban forestry, health and social services, public transportation, recreation and culture, and general support services necessary to serve the citizens of Fargo.

The City is required to adopt a preliminary budget by August 10 and a final budget by October 7 of each year. All Departments submit their requests to the Mayor during the budget development process that begins each May. Currently, the Mayor utilizes a budget team approach to discuss budget strategy with the City Administrator, Assistant City Administrator and the Director of Finance; however, the Mayor is responsible for the final decisions relating to the preliminary budget presentation. The City Commission is responsible for adoption of the final budget. Budget control is maintained at the fund, function (e.g. Public Safety) and Department (e.g., Police). Department Heads may make transfers of appropriations within a Department. Supplemental budget appropriations require approval by the City Commission.

STATE OF NORTH DAKOTA AND ECONOMIC CONDITIONS IN FARGO

Statewide Financial Conditions

Statewide economic conditions have declined in North Dakota resulting primarily from the impact of rapidly plummeting oil prices. This is a significant event in North Dakota's overall economy because it has become a major player in US oil production in the past several years.

The Tax Commissioner for the State of North Dakota reported annual increases in statewide taxable sales and purchases for 2019 of 6.19%.

The Management discussion and analysis section of this report details changes in intergovernmental revenues in more detail. Major State intergovernmental revenues in our General Fund increased by 7% this year which were in line with budget projections.

The median Fargo per capita income continues to rise and is reflective of our strong local economy. Per capita incomes have increased to \$52,712 in 2018 as compared to \$48,914 in 2014 representing an 8% increase in income levels over the past five years. Our labor force has increased to 69,702 in 2019 as compared to 65,038 five years ago which represents an 7.2% increase. Fargo's unemployment rate of 1.8% is considerably lower than the State (2.2%) and the national average (3.4%).

Local Building Permits Decline

Construction activity in Fargo declined from historically high levels experienced from 2014 – 2018. Building permits totaled \$381 million in 2019 from \$515 million in 2018. Multi-family construction came to a near standstill down from \$92 million in 2018. Residential and commercial permits values decreased slightly in 2019. Demand for housing remains strong in our community in light of the strength of our local

economy and overall quality of life we offer. We expect construction activity to remain consistently strong as we look forward to 2021.

Sales Taxes Funding Key Infrastructure / Voter Extension to 2084 for Flood Control

Fargo is utilizing sales tax revenues as a primary funding source for key infrastructure projects. All of our sales tax resources (2% tax rate) are dedicated to various types of infrastructure. The most significant expenditures are being made in updating municipal utilities to accommodate present and future growth, flood levees to protect us from Red River flood events, and improving our highway systems throughout our community. Existing sales tax authorizations expire in 2028, and 2084. During 2016, voters approved a long-term extension of sales tax to 2084 for the Fargo Moorhead flood-control diversion project.

A more comprehensive review of these statistics is contained in the statistical section of this report.

State and Local Sales Tax Revenue Trends

Statewide sales tax revenue increased by 6.19% during 2019 due to increased economic activity related to oil production in western North Dakota following a sharp decline in 2015 and 2016.

Fargo's locally imposed sales tax revenue totaled \$49.6 million this year as compared to \$48.0 in 2018, a 3% increase. We were pleased to produce an increase after reporting minor decreases in 2016-2018.

MAJOR INITIATIVES FOR THE YEAR

Fargo Moorhead Diversion Channel Project Status

The construction of a major flood control structure continues to be one of our highest priorities for our community. A history of this project including past and present status is summarized below.

The Army Corp of Engineers (USACE) has been studying various alternative flood protection projects for the Fargo-Moorhead area for several years. USACE has recommended a large flood diversion channel (to the west of the cities of Fargo and West Fargo) combined with a southern embankment, temporary water storage area and water control structures to limit the flow of water through Fargo Moorhead that will redirect and lower record river flood levels significantly. The estimated current project cost is anticipated to exceed \$2.4 billion. These costs will be funded by a combination of various Federal, State and local stakeholders.

In October of 2012 a record of decision was approved by the Chief of the Army Corp of Engineers. This critical step recognized the feasibility, final review, and concurrence to include this project on the Federal Government's approved projects listing.

This project was included in the 2013 Water Resources Development Act Bill and has been approved by the U.S. Senate and the House of Representatives. The construction project will take about eight to ten years to construct subject to funds being appropriated in a timely manner.

Work continued in 2015 on securing Federal and State funding for this project. Local officials and our congressional delegation from North Dakota and Minnesota worked together to help formulate plans for a public private partnership pilot project (PPP) as a way to provide long term funding of this project. In February of 2015 the Army Corp of Engineers named this project as federal P3 demonstration project.

February, 2016 the Army Corp of Engineers approved this project as a federal "new start" project and provided budgetary resources to begin this project. The Diversion Authority along with the City of Fargo

and the City of Moorhead executed a final project participation agreement with the Army Corp of Engineers in July of 2016 that obligates Federal funding.

A request for proposals and related vendor selection one on one meetings occurred during 2018 and 2019 with a contractor selection planned for construction of the diversion channels and associated infrastructure after the meetings are completed.

In November 2016, voters approved a long-term extension of certain sales tax authorizations for City of Fargo as well as Cass County until 2084. These should provide a sustainable long-term revenue stream that will allow us to finance this project.

During the State of North Dakota's Legislative session for the 2020-2021 biennium, \$66.5 million was appropriated and the legislative intent for funding through the 2029-2031 biennium was increased to \$750 million.

USACE construction on the southern embankment began in April 2017, but these construction efforts have been placed on hold due to a federal court's temporary injunction. In the fall of 2017, federal judge Tunheim issued a temporary injunction halting USACE construction efforts citing the need for USACE to obtain a permit from Minnesota DNR in order to complete construction of the southern embankment. Following Judge Tunheim's decision, the Governors of Minnesota and North Dakota personally formed and participated in a task force to recommend changes to the project that would result in a permissible project under Minnesota DNR's rules and regulations. The Governor's task force completed its work in December of 2017 and published its recommendations in January of 2018. The Diversion Authority then made revisions to the project based upon the Governor's task force recommendations and subsequently submitted a new permit application for the Project to Minnesota DNR on March 16, 2018.

The Minnesota Department of Natural Resources granted a permit for the FM Diversion "Plan B" project on December 27, 2018.

On April 8, 2019, Judge Tunheim modified the injunction to allow all requested construction of the Diversion project to proceed.

Significant resources were expended in 2019 and will continue into 2020 to acquire land in the flood channel footprint. This will allow us to move forward with a P3 project contractor bid in late 2020.

Our success in moving this project along is a result of our strong project partnerships with the FM Diversion Authority, the Army Corp of Engineers and Jacobs Engineering. Funding partners including the State of North Dakota, State of Minnesota, Army Corp of Engineers, City of Fargo and Cass County. Governmental leaders from the Federal, State and local levels have expended significant effort in a collaborative manner to continue to advance this project.

Status of Major Municipal Facility Projects

The Fargo Police Department moved its field operations to a building adjacent to the Public Works facility on 7th Ave North in 2017. During 2018, remodeling continued to accommodate relocation of the entire Police Department from its current downtown location. The entire Department moved into their newly remodeled facility in 2019. This centralizes all of our Police functions and provides improved fleet space.

The water treatment plant expansion was completed in 2019. The project incorporates advanced water treatment technologies due to changing water quality conditions on the Sheyenne River as a result of discharges from Devils Lake. In addition advanced water treatment technologies, the project will also increase the City's overall treatment capacity from 30 million gallons per day (MGD) to 45 MGD. This was important due to the fact that Fargo became a regional water supplier to the cities of West Fargo and Horace. This project spanned four construction seasons and is a major expansion that will serve our community needs well into the future.

An expansion of our wastewater treatment facility was initiated in 2018. This is a major expansion of our current facilities allowing an increase in our treatment capacity from 26 mgd to 50 MGD per day. We became a regional wastewater service provider to West Fargo in 2019 and expect to service Horace in 2020. This expansion is expected to be completed in 2023.

A new Downtown mixed use development was approved in 2019 that includes the construction of another parking facility in the heart of our City. The City partnered with private developers and is responsible for financing the construction of the parking ramp portion of the project. Bonds for this project were issued in early 2020 and we expect to begin using the new ramp in late 2020.

Significant downtown redevelopment opportunity exists for several locations in the Downtown area due to recent flood control buyouts, and moving out of former facilities for Fargo Cass Public Health and the Police Department. The City expects to market these facilities for development opportunity in the future.

Strategic Planning and Long Term Capital Improvement Plans

Strategic planning efforts are ongoing for various City functions and the development of long term capital improvement plans have been formally adopted for municipal utility infrastructure projects over a twenty year planning horizon, flood control projects and Departmental capital needs for a five year timeframe. Major infrastructure projects are funded with a variety of sources, however, the major resources available are from sales tax and special assessment revenues.

A strategic plan for the growth and redevelopment of our core Downtown area was completed in 2017. A large civic plaza adjacent to the new city hall is in the planning and design phase. Future city goals include completion of the plaza project, studying the feasibility of a performing arts center, and renovation or expansion of the Fargodome. All of these projects are designed to improve the quality of life for our citizenry.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fargo for its comprehensive annual financial report for the fiscal year ended December 31, 2018. This will be the twenty-first consecutive award received since submission to this voluntary quality review program. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the dedicated services of our entire staff. The staff members who were responsible for the achievement of this goal include:

Jenica Flanagan, Accounting Manager
Jamie Bullock, Grant Accountant
Jessica Houim, Accountant
Megan Zahradka, Financial Analyst
Sheree Calkins, Accounting Supervisor

Finally, I would like to express my appreciation to the members of the City Commission, the Mayor, City Administrator, Cabinet members and City staff for operating the City in a professional and progressive manner.

Respectfully submitted,

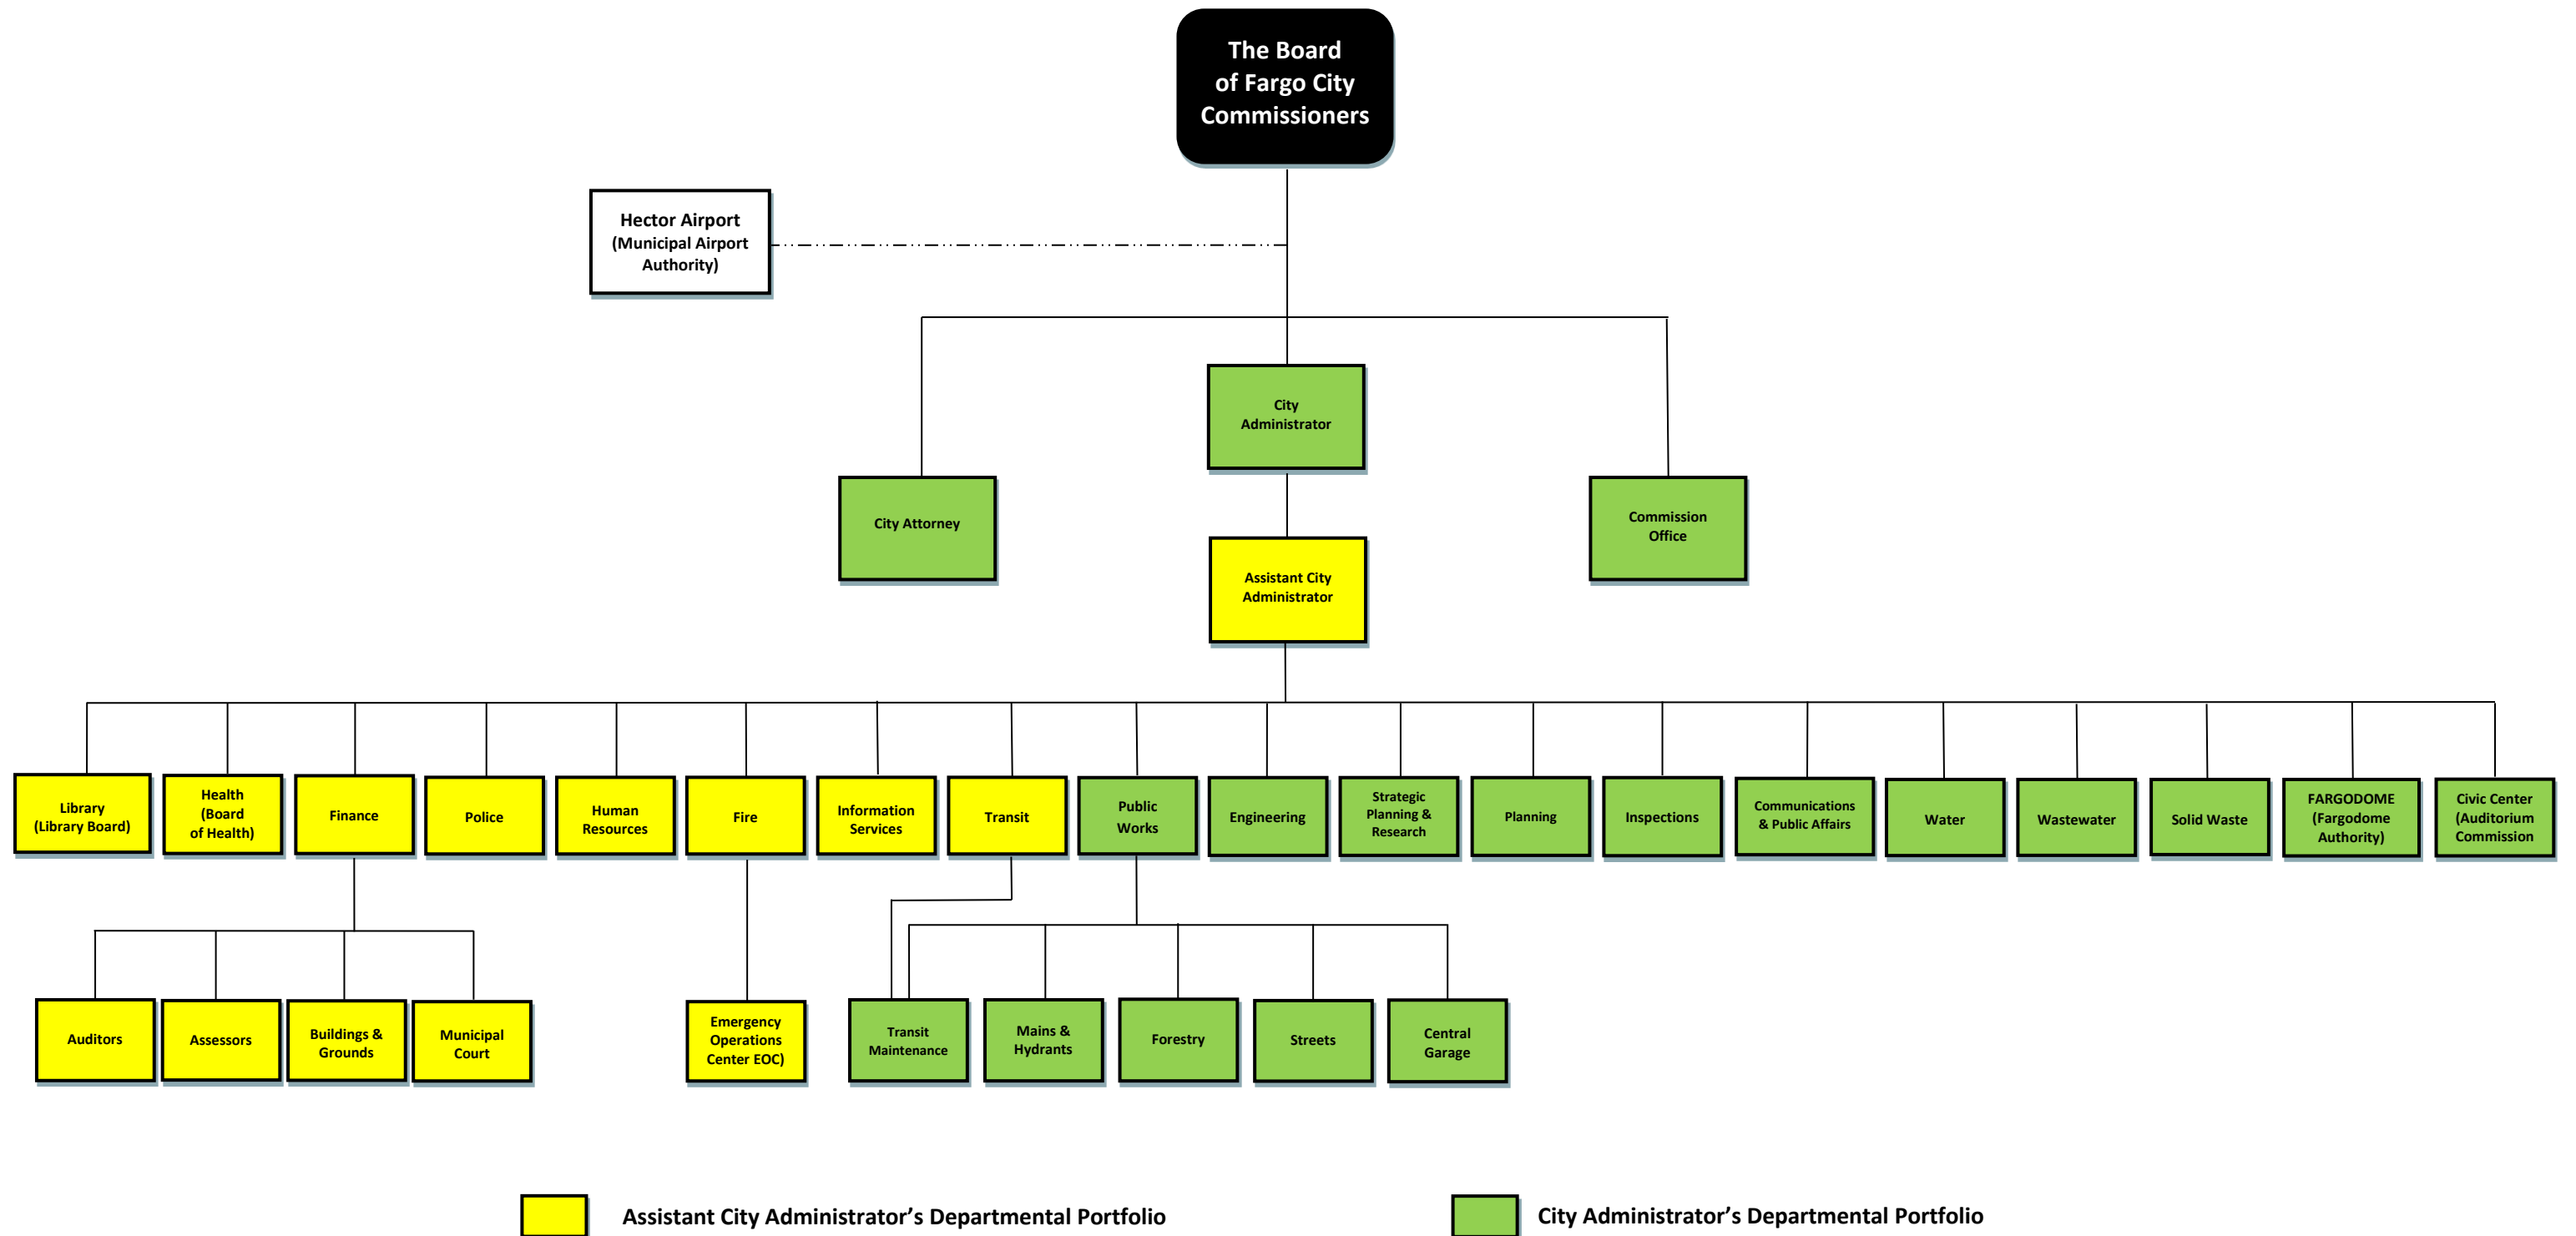

A handwritten signature in black ink, reading "Kent A. Costin". The signature is written in a cursive, flowing style with a large initial 'K'.

Executive Director/CEO

Independent Auditor's Report

To the Honorable Mayor
and Members of City Commission
City of Fargo, North Dakota
Fargo, North Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fargo, North Dakota (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management discussion and analysis on pages 4-10, the pension information including, significant assumptions used to measure total pension liability, schedule of change in net pension liability, schedule of employer contributions, schedule of net pension liability- City of Fargo's proportionate share, and schedule of employer contributions- City of Fargo's proportionate share as presented on pages 89-92, and the OPEB information including, significant assumptions used to measure the OPEB liability, schedule of employer's share of net OPEB liability, schedule of employer contributions, as presented on page 93 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements. The introductory section, combining and individual fund statements, capital assets used in the operation of governmental funds, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section, capital assets used in the operation of governmental funds, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated September 24, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Fargo, North Dakota

Management's Discussion and Analysis

As management of the City of Fargo, we offer readers of the City of Fargo's financial statements this narrative overview and analysis of the financial activities of the City of Fargo for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages III - VIII of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

The assets of the City of Fargo exceeded its liabilities at the close of the most recent fiscal year by \$1,192,599 (net position).

As of the close of the current fiscal year, the City of Fargo's governmental funds reported combined ending fund balances of \$129,638 an increase of \$19,705 in comparison with the prior year. The increase in fund balance is explained in subsequent sections of this analysis.

The City's unassigned General Fund balance of 26 percent of the total General Fund expenditures exceeds our management goal of 25 percent.

Overall, General Fund revenues lagged budget expectations by \$673, however total revenue increased by \$2,016 in comparison with the prior year. Investment income revenue increased 13 percent primarily due to more favorable rates.

Municipal building projects have been a priority for the City over the past couple of years. The Water Treatment Plant facility expansion was completed in 2019. Work continues on the remodeling of a building adjacent to the City's Public Works facility that will eventually become the headquarters for the Fargo Police department. The growth in the Police department over the past several years has required the City to obtain a larger facility. The Block Nine Parking garage, Mercantile Parking garage and the Wastewater Treatment Plant expansion projects were in progress at the end of the most recent fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City of Fargo's basic financial statements. The City of Fargo's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Fargo's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City of Fargo's assets, deferred outflow of resources, liabilities and deferred inflow of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Fargo is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Fargo that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Fargo include general government, public safety, public works, public health and welfare, recreation & culture, urban

redevelopment, public transportation, and general support. The business-type activities of the City of Fargo include a Municipal Airport, Water, Wastewater, Storm Sewer, Solid Waste Collection and Landfill, Southeast Cass Sewer, Urban Forestry, Vector Control, Street Lighting and the FargoDome, a multi-use facility.

The government-wide financial statements can be found on pages 11 and 12 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Fargo, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Fargo can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Fargo maintains eighteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service fund, and the capital projects fund, which are all considered as major funds. Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Fargo adopts an annual appropriated budget for its governmental funds, except for capital projects funds. A budgetary comparison statement has been provided for all of these funds to demonstrate compliance with the approved budget.

The basic governmental fund financial statements can be found on pages 13 - 16 of this report.

Proprietary funds

The City of Fargo maintains ten different proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Fargo uses enterprise funds to account for its Municipal Airport, Water, Wastewater, Storm Sewer, Vector Control, Solid Waste, Southeast Cass Sewer, Forestry, Street Lighting and FargoDome activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Municipal Airport, Water, Wastewater, Storm Sewer, Solid Waste, and FargoDome activities which are considered to be major funds of the City of Fargo. Data from the other four enterprise funds are combined into a single, aggregated presentation, with individual data available elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 18 - 22 of this report.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Fargo's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 23 and 24 of this report.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25 – 88 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City of Fargo's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees. Required supplementary information can be found on pages 89 - 93 of this report.

The combining statements referred to earlier in connection with non-major governmental funds is presented immediately following the notes to the financial statements. Combining statements and schedules can be found on pages 94 - 115 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Fargo, assets exceeded liabilities by \$1,192,599 at the close of the most recent fiscal year.

By far the largest portion of the City of Fargo's net position (79%) reflects its net investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment); less any related outstanding debt used to acquire those assets. The City of Fargo uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Fargo's net investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following two tables present condensed financial information on the City's Net Position and Changes in Net Position for the fiscal year ending December 31, 2019 and 2018.

City of Fargo's Net Position (In Thousands)						
	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018

Governmental activities

The governmental activities' net position increased by \$95,680 during the current fiscal year.

In 2019, the City was conveyed various flood control and infrastructure assets in the amount of \$91 million from the Metro Flood Diversion Authority. This transaction resulted in an increase of \$51 million to the overall net position of governmental activities.

Business type activities

Business-type activities increased the City of Fargo's net position by \$38,686 during the current fiscal year.

As noted above, in 2019, the City was conveyed various flood control and infrastructure assets in the amount of \$91 million from the Metro Flood Diversion Authority. This transaction resulted in an increase of \$40 million to the overall net position of business type activities.

Financial Analysis of the Government's Funds

As noted earlier, the City of Fargo uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City of Fargo's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Fargo's financing requirements. In particular, unassigned fund balance serves as a useful measure of a government's net resources available for spending during the fiscal year.

As of the end of the current fiscal year, the City of Fargo's governmental funds reported combined ending fund balances of \$129,638, an increase of \$19,705 in comparison with the prior year.

The General Fund is the chief operating fund of the City of Fargo. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$25,532 while total fund balance was \$33,685. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 26 percent of total general fund expenditures, while total fund balance represents 35 percent of that same amount. Managements fund balance goal of 25 percent has been achieved for this fiscal year. This fund balance level represents a decrease of \$1,854 during the year. The remainder of fund balance is assigned (\$598, 2 percent), committed (\$1,000, 2 percent), restricted (\$3,299, 10 percent) or nonspendable (\$3,255, 10 percent).

Overall General Fund revenues of this fund group increased by 2 percent compared to the prior year, while total expenditures increased by 4 percent.

The increase in General Fund expenditures is attributed to extreme snow fall impacts, which resulted in increased expense to Public Works overtime costs and snow hauling expenses. The budget savings are related to the timing of capital outlay funding which lagged budget levels by \$448. Capital funds will be carried forward into the 2020 budget.

The debt service fund has a total fund balance of \$95,212, all of which is restricted for the payment of future debt service. The net increase in fund balance during the current year was \$20,566.

The capital projects fund had a net increase in fund balance of \$1,167. Capital project expenditures decreased by 3 percent in 2019.

Proprietary funds

The City of Fargo's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the end of the year amounted to \$26,430. The Water and Wastewater funds were the two major proprietary funds that reported decreases in net position. The Water fund decrease is the result a decrease in operating revenue due to a wet weather cycle. There was also an increase in depreciation expense due to the Water Treatment Facility expansion being completed. The Wastewater fund decrease is the result of an increase in repair and maintenance to various lift stations and electricity costs.

Operating revenues of this fund group increased by approximately six percent. This increase is attributed to rate increases approved for both the Storm Sewer and Street Light utilities. As well as increased reimbursed labor revenue at the FargoDome.

Operating expenses increased by 10 percent. The increase in expense can be attributed to increased other services and depreciation expense.

General Fund Budgetary Highlights

Significant variances between original and final budget are noted as follows:

General Fund revenue lagged the revised budget by 0.78%. Investment income exceeded budget projections by 55 percent. This is largely due to an increase in more favorable investment rates.

Noted variances between final budget and actual are as follows:

Charges for services revenue lagged the budgeted figure by 6%. This is attributed to a reduced infrastructure demand and a smaller construction project list compared to the prior year.

Overall General Fund expenditures were incurred at 99% of final budget.

Capital outlay expenditures lagged budget by \$448 due to the project timelines for various capital projects. Unexpended funds will be carried forward into the 2020 budget.

Capital Asset and Debt Administration

Capital Assets. The City of Fargo's investment in capital assets for its governmental and business type activities as of December 31, 2019 amounts to \$1,505 (net of accumulated depreciation). This investment in capital assets includes land, intangibles, construction in progress, buildings, improvements, machinery and equipment, infrastructure, and flood control projects.

Major capital asset events during the current fiscal year included the following:

The conveyance of \$91 million of flood control and infrastructure assets from the Metro Flood Diversion Authority.

The \$128 million water treatment plant expansion was completed in 2019.

Major projects in progress in 2019 include, \$27 million expended on the wastewater treatment facility expansion and \$7.3 million expended on the construction of the Block Nine parking garage in downtown Fargo. The Mercantile parking garage project also started during 2019.

Additional information on the City of Fargo's capital assets can be found in Note 4. D. of this report.

Long Term Debt

At the end of the current fiscal year, the City of Fargo had total bonded debt and notes outstanding of \$914,177. Of this amount, \$450,485 is special assessment debt (improvement bonds) for which the government is liable in the event of default by the property owners subject to the assessment. The remainder of the City of Fargo's debt represents bonds secured solely by specified revenue sources (i.e. revenue bonds) and annual appropriation bonds.

The City of Fargo's total outstanding debt increased by \$32,670 during the current fiscal year.

City of Fargo's Outstanding Debt (In Thousands)

Total	\$ 763,339	\$ 751,312	\$ 150,838	\$ 130,195	\$ 914,177	\$ 881,507

During the current fiscal year, the City issued debt as detailed below:

The City issued \$37,260 Refunding Improvement Bonds, Series 2019A at a true interest cost of 2.8%. These bonds were issued to reimburse the capital project fund for project costs previously incurred for the expansion of the City's utility infrastructure.

The City issued \$13,940 Taxable Refunding Improvement Refunding Bonds, Series 2019B at a true interest cost of 2.65%. These bonds were issued as a crossover refunding of the Series 2011A Refunding Improvement Bonds.

The City issued a \$500 North Dakota State Revolving Fund loan with an interest rate of 1.5%. This loan was issued to finance the engineering project costs to construct a regional storm water pond.

The City issued a \$10,500 North Dakota State Revolving Fund loan with an interest rate of 1.5%. This loan was issued to finance the construction project costs for a regional storm water pond.

The City of Fargo has an "Aa1" rating from Moody's Investors Service for general obligation debt.

Additional information on the City of Fargo's long-term debt can be found in Note 4. H. of this report.

Economic Factors and Next Year's Budgets and Rates

Management continues to monitor the revenue base very closely and has introduced budget management strategies to overcome potential changes in revenues.

Fee adjustments in the Solid Waste utility for landfill and recycling were included in the 2020 budget.

The City constrained the 2019 General Fund budget. The budget increase overall was approved at 4.7 percent.

The property tax mill levy was increased by two mills.

Requests for information

This financial report is designed to provide a general overview of the City of Fargo's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, 225 4th Street North, City of Fargo, ND, 58102 or visit the City's web site at www.fargond.gov. The entire report is presented in the Finance department section.

CITY OF FARGO, NORTH DAKOTA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
December 31, 2019

Amounts reported for governmental activities in the statement of net position (page 11)
are different because:

Total fund balance - governmental funds (page 13)	\$ 129,637,777
Capital assets used in governmental activities are not financial resources and therefore not reported in the fund financial statements	604,616,930
Other assets are not available to pay for current period expenditures and, therefore, are either not recognized as a receivable or are deferred in the funds	432,985,864
Net pension liability and pension related deferred outflows and inflows of resources are not due in the current period and, therefore, are not reported in the funds	(66,897,953)
Net OPEB liability and OPEB related deferred outflows and inflows of resources are not due in the current period and, therefore, are not reported in the funds	(1,488,895)
Liabilities that are not due and payable in the current period and therefore not reported in the governmental funds	<u>(737,991,214)</u>
Net position of governmental activities (page 11)	<u><u>\$ 360,862,509</u></u>

**CITY OF FARGO, NORTH DAKOTA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2019**

Amounts reported for governmental activities in the statement of activities (page 12) are different because:

Net change in fund balances - total governmental funds (page 15)	\$ 19,704,536
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	59,003,227
Capital assets transferred to enterprise funds.	(18,213,761)
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, trade-ins, and donations) is to decrease net position.	55,706,715
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	22,116,117
Changes to net pension liability and pension related deferred outflows and inflows do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds	(2,432,471)
Changes to net OPEB liability and OPEB related deferred outflows and inflows do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds	19,210
The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums, discounts, and deferred amounts on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(41,878,864)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	1,655,936
Change in net position of governmental activities (page 12)	\$ <u><u>95,680,645</u></u>

The notes to the financial statements are an integral part of this statement.

- C. Other Post-Employment Benefit Plans (OPEB)
- D. Joint powers agreement
- E. Contingent liabilities
- F. Subsequent Events

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Fargo operates under a "mayor-commission" form of government under the Home Rule Charter. The accounting policies of the City, as reflected in the accompanying financial statements, conform to generally accepted accounting principles for local government units.

The following is a summary of the City's significant accounting policies:

A. BASIS OF PRESENTATION

The financial statements of the City have been prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the standard-setting body for governmental accounting and financial reporting. The City follows and implements all applicable GASB standards. Below are applicable statements, not yet required to be implemented.

GASB statement No. 84, *Fiduciary Activities* establishes criteria for identifying fiduciary activities of all state and local governments. An activity which meets the criteria outlined in this statement should be reported in a fiduciary fund in the basic financial statements. This statement also outlines and describes the types of fiduciary funds that should be reported. This statement is effective for reporting periods ending June 30, 2020.

GASB statement No. 87, *Leases* requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This statement is effective for reporting periods beginning after June 30, 2022. Earlier application is encouraged.

GASB statement No. 88, *Certain Disclosures Related to Debt*, including Direct Borrowings and Direct Placements requires that essential information related to debt be disclosed in notes to the financial statements including unused lines of credit or assets pledged as collateral for debt. This statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. This statement is effective for reporting periods ending June 30, 2020.

GASB statement No. 89, *Accounting for the Interest Cost incurred Before the End of a Construction Period* requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The requirement of this Statement are effective for reporting periods beginning after December 31, 2021. Earlier application is encouraged.

GASB Statement No. 91, *Conduit Debt Obligations* provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement clarifies the existing definition of a conduit debt obligation; establishes that a conduit debt obligation is not a liability of the issuer; establishes standards for accounting and financial reporting of additional

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improves required note disclosures. This Statement also addresses arrangements – often characterized as leases – that are associated with conduit debt obligations. The requirements of this Statement are effective for reporting periods beginning after December 15, 2022. Earlier application is encouraged.

GASB Statement No. 92, Omnibus 2020, provides additional guidance to improve consistency of authoritative literature by addressing practice issues identified during the application of certain GASB statements. This statement provides accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activity of public entity risk pools, fair value measurements and derivative instruments. The requirements of this Statement are effective for reporting periods beginning after June 30, 2022. Earlier application is encouraged.

GASB Statement No. 93, Replacement of Interbank Offered Rates, provides guidance to address accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR), most notable, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. This statement provides exceptions and clarifications regarding hedging derivative instruments for such transactions that result from the replacement of IBOR. The requirements of this Statement are effective for reporting periods beginning after June 30, 2022. Earlier application is encouraged.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The statement provides definitions of PPPs and APAs and provides uniform guidance on accounting and financial reporting for transactions that meet those definitions. A PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. An APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The requirements of this Statement are effective for fiscal years beginning after June 30, 2023, and all reporting periods thereafter. Earlier application is encouraged.

Management has not yet determined the effect these statements will have on the City's financial statements.

B. REPORTING ENTITY

The City is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

state or local governments. Additionally, the City is not included in any other governmental reporting entity.

The accompanying financial statements present the City and its component units. Blended component units are entities which are legally separate from the City but which are so intertwined with the City that they are, in substance, the same as the City. Discretely presented component units are entities for which the City is considered to be financially accountable or for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete.

Blended Component Unit

The City of Fargo Building Authority, a non-profit corporation, was formed for the purpose of providing funds to finance improvements on City property and for leasing property from the City. The directors of the Authority are made up of the City's Board of Commissioners, as well as the City Administrator and City Finance Director. The activity of the Authority is being reported as a blended component unit within the activities of the primary government. There are no separately issued statements for this component unit.

C. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The goal of government-wide financial statements is to present a broad overview of a government's finances. The basic statements that form the government-wide financial statements are the statement of net position and the statement of activities. These two statements report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally financed through taxes and intergovernmental revenues, are reported separately from business-type activities, which are normally financed through user fees and charges for goods or services.

The statement of activities reports gross direct expenses by function reduced by program revenues. This results in a measurement of net revenue or expense for each of the government's activities. Direct expenses are those that are clearly identifiable with a specific function. Program revenues are directly associated with the function or business-type activity and include 1) charges for services and 2) operating or capital grants and contributions that are restricted to a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are prepared for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

D. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide, proprietary fund, and fiduciary pension trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Although agency funds have no measurement focus, they also use the accrual basis of accounting to recognize receivables and payables.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. For FEMA grant funds, the City considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxes, special assessments (both certified and uncertified), intergovernmental revenue, permits, charges for services, pledges and investment income associated with the current fiscal period are the major revenues that are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period to the extent they are collected in 60 days. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund – The general fund is the general operating fund of the City. All financial resources of the general government that are not required to be reported in another fund are accounted for in the general fund.

Debt Service Fund – The debt service fund is used to account for the accumulation of resources for and the payment of general long-term debt principal and interest.

Capital Projects Fund – The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets other than those financed directly by proprietary funds. Major capital facilities include infrastructure such as streets, sidewalks, street lighting, paving, sanitary storm sewers, water mains, sewer lines, flood control and other projects.

The City reports the following major proprietary funds:

Airport – This fund accounts for the operations and construction activities of the Hector International Airport.

Water – This fund accounts for the activities (revenues, operating and capital expenses) of the City's water system. The City receives user fee revenues derived from sale of water and other related services to the general public.

Wastewater – This fund accounts for the activities (revenues, operating and capital expenses) of the City's wastewater (sewer) disposal system. The City receives user fee revenues derived from providing sanitary sewer services to the public.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Storm Sewer – This fund accounts for the activities (revenues, operating and capital expenses) of the City's storm sewer system. The City receives user fee revenues derived from providing storm sewer services to the public.

Solid Waste – This fund accounts for the activities (revenues, operating and capital expenses) of the City's garbage utility. The City receives user fee revenues derived from providing garbage services to the public and operating a regional landfill.

FargoDome – This fund accounts for the operation of the FargoDome which is a multi-purpose regional event center that was constructed in 1989 and is used for conventions, sporting events, trade shows, concerts and other programs. The FargoDome has a maximum seating capacity of 28,000. As of January 1, 2016, the onsite FargoDome staff became employees of the City of Fargo and assumed the management of arena operations exclusive of a 3rd party Management Company.

In addition, the City reports for the following fund types:

Pension Trust Funds – Pension trust funds are used to account for the activities of the City Employees' Pension Plan and the Police Pension Plan, which accumulates resources for pension benefit payments.

Agency Funds – Agency funds are used to account for assets held by the City as agent for other individuals, organizations, or governmental units. The City has four agency funds, the Performance Deposits fund, the Park District Special Assessments fund, the Red River Regional Dispatch Center fund, and the Metro Flood Diversion Authority.

As a general rule, the City has eliminated the effect of interfund activity from the government-wide financial statements. Exceptions to this rule are when various charges exist between different functions of the government (i.e. water and sewer charges to other various functions of the City). Elimination of these charges would distort direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include the following: amounts received from those who purchase, use or directly benefit from a program; amounts received from parties outside the City that are restricted to one or more specific programs; and earnings on investments that are legally restricted for a specific program. Revenues that do not meet the previous criteria are reported as general revenues, including all taxes.

Proprietary funds report operating revenues and expenses separately from nonoperating items. Operating revenues and expenses generally result from providing services or producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

E. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

1. Equity in Pooled Investments, Cash and Investments

The City maintains investment pools used by the funds. Each fund's portion of the pool is displayed on the statements as "Equity in Pooled Investments." Interest income on such investments is allocated to certain funds on the basis of the participating funds balance in the cash and investments pool. In addition, investments are separately held by various funds. Five of the investment pools used by the City are managed by the PFM Financial Advisors Group.

Investments for the City are reported at fair value based on the framework established by GASB 72 *Fair Value Measurement and Application*.

2. Receivables and Payables

All outstanding balances between funds are reported as "due to/from other funds" (current portion) or "advances to/from other funds" (non-current portion). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Advances between funds, as reported in the fund financial statements, are offset by "nonspendable: fund balance in the applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

The City is permitted under provisions of the Home Rule Charter to levy taxes as needed for general governmental services and payment of principal and interest on long-term debt. The current Home Rule Charter maximum mill levy is sixty-four mills, excluding City share of special assessments. Total mills levied for 2018 were fifty-one.

All real estate is assessed on current value as of February 1 of each year. Property taxes are attached as an enforceable lien on the real estate and become due on January 1 of the year following the assessment date. A 5% reduction of taxes is allowed if taxes are paid in full by February 15. To avoid being delinquent, one-half of taxes due must be paid by March 1 and the remaining balance paid by October 15.

Taxes are collected by the County and remitted monthly to the City no later than the 10th working day following the month of collection.

3. Inventories and Prepaid Items

Depending upon the nature of the item, inventories of supplies for both governmental and business-type funds are valued at cost using either first-in-first-out or weighted average. The cost of inventory is recognized as an expense in both the fund and the government-wide financial statements when used (consumption method). Reported inventories of governmental funds are offset by "nonspendable" fund balance to indicate they are not available for appropriation and are not expendable available financial resources.

Inventories held for resale are reported at lower of cost or market.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Certain payments to vendors reflect costs applicable to future accounting periods (consumption method) and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Certain proceeds of the City's enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. Resources have been set aside for capital repair and upkeep of the FargoDome, as directed by Section 3-1509 of the Municipal Code.

5. Capital Assets

Capital assets, which include property, plant, equipment, intangible, and infrastructure assets (e.g., roads, bridges, sidewalks, flood control, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost equal to or greater than \$5,000, except for infrastructure networks which are capitalized in their entirety. Such assets are recorded at historical cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Intangible assets consist of water rights and right-of-way easements. The water rights were purchased from Cass Rural Water Users. Both the water rights and right-of-way easement assets are considered to have an indefinite useful life as there are no legal, contractual, regulatory, technological, or other factors that limit the useful life of the assets and therefore the assets are not amortized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are not capitalized.

Property, plant and equipment of the government is depreciated using the straight line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings	10 – 50
Improvements other than buildings	10 – 20
Infrastructure/Flood Control	20 – 100
Vehicles	3 – 10
Equipment	5 – 10
Office equipment	5 – 10
Computer equipment	3 – 5

6. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Employees vest in sick leave accumulated in excess of 960 hours, which is paid out at 44.4% of their normal pay in December of every year. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts (other than the vested amounts paid out annually) when employees separate from service. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary

fund financial statements. In the governmental funds, a liability would be reported only if they have matured, for example, as a result of employee retirements or resignations. The entire portion of accumulated unpaid vacation is considered short term for the reason that historically, unpaid vacation is utilized within one year either through vacation payouts when employees terminate their service with the City or with the use of annual leave throughout the year.

7. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds on a straight-line basis over the term of the related issue. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

8. Net Position/Fund Balance

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources in the City's financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any long-term debt attributable to the acquisition, construction, or improvement of those assets. Restricted net position consists of restricted assets reduced by liabilities related to those assets. Unrestricted net position is the net amount of assets and liabilities that are not included in the determination of net investment in capital assets or the restricted component of net position.

Fund balances are classified based on the spending constraints placed upon them. The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance – amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e. City Commission). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same, or higher, level action to remove or change the constraint.
- Assigned fund balance – amounts the City intends to use for a specific purpose. Intent can be expressed by the City Commission or by an official or body to which the City Commission delegates the authority.
- Unassigned fund balance - amounts that are available for any purpose. Positive amounts are reported only in the general fund.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

The City Commission establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. An ordinance is the highest level of authority and requires another ordinance to modify or rescind.

Assigned fund balance is established by the City Commission through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital outlay, project construction, debt service, or other purposes).

The City's first priority is to utilize the restricted fund balance. Committed funds will be considered second with assigned fund balance third when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications are eligible to be used.

The Board of City Commissioners has adopted, through policy, a formal revenue stabilization arrangement. The primary funding source for this arrangement is surplus revenues generated by the General fund. The funding status and sufficiency of this arrangement is to be evaluated annually during the budget development process. As defined in the policy establishing this commitment, the specific uses are listed as overall decline of economically sensitive revenues over at least one fiscal period as incorporated into the City's annual budget revenue projections, (or) need for emergency funds as declared by the Mayor for the local share funding of any major natural disaster event.

In the General Fund, the City strives to maintain an unassigned fund balance to be used for cash flow and unanticipated expenditures of 25 percent of the total current year general fund expenditures.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental fund balance sheet includes reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government – wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$737,991,214 difference are as follows:

Bonds payable	\$ 567,491,000
Notes payable	130,127,690
Capital leases	226,051
December 31, 2019 long-term debt outstanding	<u>\$ 697,844,741</u>
Accrued interest payable	4,488,800
Bond premium	31,255,233
Accumulated unpaid vacation	<u>4,402,440</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u><u>\$ 737,991,214</u></u>

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$59,003,227 difference are as follows:

Capital Outlay	\$ 78,807,560
Plus: assets transferred in from enterprise funds	1,115,867
Plus: donated /contributed assets and gain/loss on asset trades	55,041,661
Plus: prior year construction in progress added as asset in current year	1,375,466
Capital asset increases per footnote 4.D	\$ 136,340,554
Less: assets transferred in from enterprise funds	(1,115,867)
Less: donated /contributed assets and gain/loss on asset trades	(55,041,661)
Less: prior year construction in progress added as asset in current year	(1,375,466)
Depreciation expense	(19,804,333)
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	\$ 59,003,227

Another element of that reconciliation states that “The issuance of long-term debt (i.e. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and deferred amounts on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.” The details of this \$41,878,864 difference are as follows:

Bonded debt issued	\$ (51,200,000)
Premium on bonded debt issued	(2,569,041)
Bonded debt principal payments	23,809,000
Capital lease proceeds	(259,000)
Capital lease payment	207,467
Loan proceeds	(16,637,168)
Loan payments	4,769,878
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	\$ (41,878,864)

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$1,655,936 are as follows:

Compensated absences	\$ (328,229)
Accrued interest	80,850
Amortization of bond premium	1,903,315
Net adjustment to decrease net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 1,655,936</u>

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the governmental funds classified as the general fund, special revenue funds, and the debt service fund. No budgets are prepared for capital projects funds.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. According to City charter, the Mayor submits a proposed budget each July to the City Commission. At that time, the City Commission makes any changes they deem necessary to this proposed budget.
2. The preliminary budget must be adopted by August 10.
3. Public hearings are conducted to obtain taxpayer comments prior to the final budget adoption.
4. The budget is legally enacted through the passage of a budget ordinance no later than October 7.
5. Budgets are adopted for the general, special revenue, and debt service.
6. The legal level of budgetary control is at the fund level. The Finance Director may approve transfers of budgeted amounts between departments within a given fund. Any transfers of budgeted amounts and any revisions that alter the total expenditures of any fund must be approved by the City Commission.
7. Formal budgetary integration is employed as a management control device during the period for the general fund, special revenue funds and the debt service fund at the fund level. Any expenditures in excess of the current year's budget must be approved by the Finance Committee and the City Commission. Supplemental appropriations granted for the 2019 year include \$383,989 for the General Fund.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

8. Appropriations lapse at year-end.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration of all funds. Encumbrances outstanding at year-end do not constitute expenditures or liabilities. Authority to complete year-end encumbrances for the general fund may be granted by amending the subsequent year's budget. General Fund Budget revisions approved for open encumbrances totaled \$542,423 for the year ended December 31, 2019.

B. EXCESS OF EXPENDITURES OVER BUDGET

Expenditures exceeded budget in the following funds by the following amounts:

Special Revenue Funds		
City Share of Specials	\$	334,464
Noxious Weeds		273
Downtown Business Improvement District		67,371
Convention & Visitors Bureau		98,446
Neighborhood Stabilization		13,434
Community Development		420,949
NRI Loan Program		4,925

No remedial action is anticipated or required by the City regarding these excess expenditures.

C. NET POSITION/FUND BALANCE DEFICITS

Governmental Funds			
Special Revenue Funds			
Parking Authority	\$	372,331	This deficit will be eliminated by future revenue growth from added facilities.
Parking Repair and Replacement		72,839	This deficit will be eliminated by future revenue growth from added facilities.
Baseball Stadium		994,172	This deficit is due to a capital projects fund being closed out and set up as special revenue fund. The deficit will be recovered by future suite lease fees over the next several years.
Proprietary Funds			
Southeast Cass Sewer		102,763	This deficit will be eliminated by future user fee revenue.
Forestry		510,856	This deficit will be eliminated by future user fee revenue.

D. NET POSITION RESTRICTED BY ENABLING LEGISLATION

The government-wide statement of net position reports \$171,715,943 of restricted net position, of which \$52,703,351 is restricted by enabling legislation.

4. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Deposits - In accordance with North Dakota Century Code, the City maintains deposits at those depository banks and brokerages authorized by the City Commission, all of which are covered by Federal Depository Insurance or Securities Investor Protection. Century Code requires that all City deposits be protected by insurance, collateral or surety bond. The market value of the collateral pledged must be equal to or greater than 110% of the deposits not covered by insurance or bonds. As of December 31, 2019, the carrying amount of the City's deposits was \$86,113,883 and the bank balance was \$88,843,887. As noted above, the bank balance is covered by Federal Depository Insurance or Securities Investor Protection.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Per the City's investment policy, custodial credit risk will be minimized by using the following techniques; limiting investments to the safest type of securities, pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the City will do business; and diversifying the investment portfolio so that potential losses on individual securities will be minimized. As of December 31, 2019, the City's deposits were either fully insured or properly collateralized, were held in the City's name, and have no custodial credit risk.

Investments – The City maintains pooled cash portfolios used by substantially all City funds, excluding the investment of employees' retirement funds, using the pooled deposit and investment concept. These pools are governed by an investment policy established by the City Commission.

Investment policy: The City has an adopted investment policy, conforming with federal, state, and other legal requirements, including the City of Fargo Home Rule Charter, specifically Article 3.B – Powers of the City. This policy sets forth the City's investment objectives as well as authorized and suitable deposits and investments, and serves as a guide to proper diversification, maturity constraints, internal controls, and performance measurement. The foremost objective of the City's investment program as set forth by the investment policy is safety of principal. Investment decisions are made under the assumption that, except under limited circumstances, all investments within the pooled portfolios will be held to maturity.

Allowable deposits and investment include:

- a. Direct obligations of the United States of America
- b. Debt securities issued by government sponsored enterprises (GSE's), federal agencies, and federal financing banks
- c. Direct obligations of the state of North Dakota
- d. Commercial paper
- e. Bankers' acceptances
- f. Negotiable certificates of deposit

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

- g. Certificates of deposit and time deposits
- h. Obligations or notes issued by corporations organized and operating within the United States or by depository institutions licensed by the United States
- i. Investments in money-market funds rated “AAAm” by Standard & Poor’s Corporation
- j. Repurchase agreements that are collateralized only by direct obligation of the U.S. government, GNMA, Fannie Mae, Freddie Mac, FFCB, and FHLB
- k. Asset-backed securities (ABS) rated a minimum of AA long-term or A-1 short-term, or its equivalent, from any nationally recognized statistical rating organization (NRSRO).

Pension funds may purchase any investments authorized by the Pension Boards.

The North Dakota Retirement and Investment Office (NDRIO) manages the FargoDome capital escrow investments, which the City reports as an external investment pool. The investment pool is not registered with the SEC and is regulated by the North Dakota Century Code. The fair value of the investment pool is the same as the value of the pooled investment shares. More information on the NDRIO can be found in their financial reports at <http://www.state.nd.us/rio/SIB/Publications/default.htm>.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The chart below summarizes the City’s investments using segmented time distribution. The City’s investment policy, limits investing funds primarily in short- and intermediate-term liquid securities of high credit quality to ensure adequate liquidity and minimize the impact of changes in interest rates. Portfolios are structured so that securities mature concurrent with cash needs to meet anticipated demands.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. As outlined above, city policy limits the type of investments allowed to reduce the amount of credit risk to the portfolio. The chart below summarizes the credit quality of the City’s investment holdings.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment policy diversifies the portfolios by limiting investments to avoid overconcentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities). Investments in a single issuer shall not exceed 5 percent of the City's portfolio for any of the following types in total: commercial paper, corporate obligations or notes, bankers' acceptances, and negotiable CD's.

The City's investment policy also has limits on the following allowable deposits and investment; direct obligations of the state of North Dakota shall not exceed 5 percent of the City's portfolio, investments in money market funds rated "AAA/m" by Standard & Poor's shall not exceed 25 percent of the City's portfolio, repurchase agreements shall not exceed 25 percent of the City's portfolio, and aggregate Asset-backed securities may not exceed 25% of the portfolio at the time of purchase. None of the established limits were exceeded as of December 31, 2019.

Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the City has the ability to access.

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Level 2 – Inputs to the valuation methodology include:

1. Quoted prices for similar assets or liabilities in active markets;
2. Quoted prices for identical or similar assets or liabilities in active markets;
3. Inputs other than quoted prices that are observable for the asset or liability;
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table presents the assets measure at fair value on a recurring basis, except those measured at cost as identified below, at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Investments by fair value level				
Pooled Investments				
U.S. Government and Agency Securities	\$ 70,799,452	\$ -	\$ -	\$ 70,799,452
Money Market Mutual Funds	66,850,623	-	-	66,850,623
Certificate of Deposit	3,857,895	-	-	3,857,895
Corporate Bonds	-	32,136,499	-	32,136,499
Municipal Bonds	-	355,174	-	355,174
Total Pooled Investments	<u>\$ 141,507,970</u>	<u>\$ 32,491,673</u>	<u>\$ -</u>	<u>\$ 173,999,643</u>
Pension Investments				
Bond Mutual Funds	\$ -	\$ 31,942,673	\$ -	\$ 31,942,673
Equity Mutual Funds	-	88,760,655	-	88,760,655
Total Pension Investments	<u>\$ -</u>	<u>\$ 120,703,328</u>	<u>\$ -</u>	<u>\$ 120,703,328</u>

U.S. Government and Agency securities, money market mutual funds, and certificates of deposit classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for these securities. Corporate bonds, municipal bonds, corporate commercial paper, bond and equity mutual funds classified in Level 2 of the fair value hierarchy are valued using techniques such as quoted prices for similar investments in active and inactive markets as well as inputs other than quoted prices that are observable for these assets.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

B. RECEIVABLES

Loans receivable as of December 31, 2019 were:

	<u>Interest Rate</u>	<u>Maturity Date</u>	<u>Amount</u>
Community Development	0%	Non-Repayment	\$ 143,366
Neighborhood Revitalization Initiative (NRI)	0%	Due Upon Sale	10,500
HUD HOME	0%	Non-Repayment	1,472,425
HUD HOME	0%	Due Upon Sale	385,000
Total loans receivable			<u>\$ 2,011,291</u>

The NRI loans and HUD HOME (Home Investment Partnership Program) loans are made to encourage investment in housing as a way to stabilize and strengthen Fargo's neighborhoods. Loans are made for renovation of homes already owned, for assistance with buying and renovating a home, and for assistance with low-income housing and other housing-related issues. The HOME loans are funded by the Department of Housing and Urban Development, while the NRI loans are funded by the City.

Of the above loans, \$1,615,791 is considered in non-repayment status. These loans are forgiven upon certain criteria being met, usually relating to maintaining ownership for a certain number of years. However, if the given criteria are not met, payment is required.

C. TAX ABATEMENTS

Per GASB Statement No. 77, a tax abatement is defined as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to tax a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

As of December 31, 2019, the City of Fargo provided tax abatements in the form of property tax exemptions for certain new residential properties, improvements made to existing commercial and residential buildings, new and expanding businesses, tax increment financing, properties in the Renaissance Zone, and daycare facilities.

The property tax exemption for certain single family, condominium, & townhouse residential properties, N.D.C.C. § 57-02-08 (35) & (42), allows for newly constructed homes, excluding land, to be exempt for up to two years, up to a maximum of \$150,000 of the home's value. This is available to homes owned and occupied for the first time as well as unoccupied homes still owned by the builder.

The property tax exemption for improvements made to existing commercial and residential buildings, N.D.C.C. § 57-02.2, allows for value added resulting from the improvements made to the property to be exempt from assessment and taxation for up to five years from the date of commencement of making the improvements. This incentive is to encourage the investment of private capital in improvements to buildings, thereby encouraging the production of wealth, improving the volume of employment, enhancing living conditions, and preserving and increasing the property tax base.

The property tax incentive for new or expanding businesses, N.D.C.C. § 40-57.1, provides for property tax exemptions as well as payments in lieu of taxes to revenue-producing, primary sector enterprises. This incentive allows for a new or expanding business to be granted a property tax exemption for up to five years or a payment in lieu of tax option for up to twenty years. This is to encourage activities in the public interest by assisting in establishing industrial plants, expanding and retaining existing businesses, and to help promote economic activities within the state and thereby increasing production of wealth and adding to the volume of employment.

Tax increment financing, N.D.C.C. § 40-58-20, allows for providing a property tax exemption to provide assistance in a development or urban renewal area for the development of commercial or industrial property or for the elimination and prevention of the development or spread of slums and blight.

The Renaissance Zone property tax exemption, N.D.C.C. § 40-63, is for commercial and residential properties located within a renaissance zone and allows for the buildings to be exempt for up to five years. A renaissance zone is a geographic area, proposed by a city, and designated by the State Department of Commerce. This incentive is to encourage the purchase, lease, rehabilitation, or historical preservation or renovation of properties within the zone.

The property tax exemption for daycare facilities, N.D.C.C. § 57-02-08(36) may exempt buildings used to provide early childhood services by a corporation, limited liability company, or organization licensed under chapter 50-11.1 or used primarily as an adult day care

E. COMMITMENTS

Construction

As of December 31, 2019, the City had commitments on various construction contracts totaling approximately \$39,570,650.

Municipal Landfill Closure and Post-Closure Care Costs

The City of Fargo operates a municipal solid waste landfill to service the waste disposal needs of the community. The Environmental Protection Agency and the State of North Dakota regulations and guidelines (NDCC 23.1) impact the operation of the landfill.

The City of Fargo operates under a permit through the North Dakota Department of Environmental Quality. This current permit includes Cells 1-25. Cells 1-17 are in an area referred to as the West Landfill, Cells 18-25 are in on adjacent land that was a former landfill and is referred to as the East Landfill. The East Landfill will be reclaimed as it is developed, with existing waste being removed and placed within permit approved and constructed cells. The volume of existing waste in place has been included in the volume of waste in place.

The current landfill site design consists of Cells 1-25 on approximately 174 acres of land. The City has constructed all or portions of 18 cells to date, which vary in surface area from 4 to 10 acres. The cell depths range up to 35' below existing grade, varying based on their footprint location. Final elevations of cells range from 40' to 92' above existing grade. The cells have been designed with a leachate collection system and each cell is constructed with a composite liner system consisting of a compacted clay subgrade overlain by a 60-mil high-density polyethylene synthetic liner. Once cells have been filled to design capacity, final closure can be performed, which involves placement of 4' un-compacted clay-rich soils, in which 4" of yard waste compost is incorporated into the top 12", and 6" of topsoil.

Cells 1 through 14 are presently fully constructed and mostly filled. Cells 15 through 18 are fully constructed and partially filled. Based upon design capacity, the facility is 53.97% full (acres), and based upon present utilization rates; the remaining capacity is estimated at 23.57 years. The estimated liability for landfill closure and post closure care is \$5,389,162 as of December 31, 2019. Per the City's solid waste permit (SW-260), the City is allowed a maximum of 80 acres of open landfill area at any one time and is required to calculate closure cost based on having 80 acres of landfill area to close. The estimated total current cost of landfill closure and post closure care is based upon the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired as of December 31, 2019. However, actual costs may be higher due to inflation, changes in technology, or landfill regulations.

The City is meeting closure and post closure obligations by applying a financial test as specified in North Dakota Administrative Code sections 33.1-20-14-02 through 33.1-20-14-07. Because the City is able to meet the financial test, the restriction of cash in a landfill assurance fund is not required.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

F. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivables/payables are used when a fund has a cash deficit, as well as for other amounts owed between funds.

At December 31, 2019, the inter-fund advance balances are:

	Funds Advanced	Amount Repaid To-Date	Advance Balance December 31, 2019
General fund - baseball stadium advance	\$ 2,298,802	\$ 1,349,105	\$ 949,697
General fund - parking authority debt defeasance advance	765,000	560,000	205,000
Subtotal General Fund advances	<u>\$ 3,063,802</u>	<u>\$ 1,909,105</u>	<u>\$ 1,154,697</u>
Solid waste fund - baseball stadium advance	\$ 1,200,000	\$ 1,146,770	\$ 53,230
Water - Parking Authority Civic Center Ramp advance	\$ 450,000	\$ 147,773	\$ 302,227
Water - Civic Center HVAC Retrofit advance	390,000	36,439	353,561
Water - Border States Facility Acquisition Equipment advance	550,000	-	550,000
Water - Border States Facility Acquisition Building advance	872,524	-	872,524
Subtotal Water advances	<u>\$ 2,262,524</u>	<u>\$ 184,212</u>	<u>\$ 2,078,312</u>
Wastewater - Solid Waste equipment advance	\$ 518,000	\$ 202,585	\$ 315,415
Wastewater - Civic Center HVAC Retrofit advance	390,000	36,439	353,561
Wastewater - Border States Facility Acquisition Building advance	1,422,524	-	1,422,524
Subtotal Wastewater advance	<u>\$ 2,330,524</u>	<u>\$ 239,024</u>	<u>\$ 2,091,500</u>
Total advances to other funds	<u><u>\$ 8,856,850</u></u>	<u><u>\$ 3,479,111</u></u>	<u><u>\$ 5,377,739</u></u>

Baseball stadium advances will be repaid by future lease revenues generated by the Stadium lease contract with Fargo Baseball, LLC. The terms of the lease agreement provide for collection of lease revenues for private suites and individual seat license fees.

The Solid Waste equipment advance will be repaid to the Wastewater fund over a five year period with future utility rate revenue.

The Parking authority debt defeasance advance will be repaid by future parking authority revenue.

The Civic Center HVAC retrofit advance will be repaid to the Water and Wastewater funds over a five year period with future general fund budget appropriations transfers.

The Border States facility acquisition will be repaid to the Water and Wastewater funds over a twenty year period with future general fund budget appropriation transfers.

Site and Facility Lease

Site Lease

The City of Fargo executed a long-term lease agreement with North Dakota State University (NDSU) for the FargoDome site. NDSU is leasing the FargoDome site to the City, and is in turn leasing forty days use of the facility from the City. The site lease agreement, which runs from January 1990 to December 2089, requires payments of base rent of \$1 per year.

Facility Lease

The FargoDome executed a three-year lease with North Dakota State University as of July 1, 2017. The lease addresses use of its facility and advertising revenue sharing. The lease allows NDSU a maximum of fifty days per lease year to rent the FargoDome at an annual rental rate paid over ten months. Rental income amounts to \$165,000 and \$165,000 in 2019 and 2018, respectively.

Locker Room Rental Agreement

An additional lease agreement was entered into with North Dakota State University for the use of approximately 23,461 square feet of its upstairs mezzanine level and lower level locker rooms. The agreement provides for annual rent of \$57,500 due August 1 of each year. In addition to the rent, North Dakota State University will pay annual fixed expenses of \$3,000 for the generator and building depreciation, as well as the variable costs associated with electrical usage and generator operating costs. The original lease expired in 2016, however it was renewed via an auto-renew clause for an additional 10 year period. The lease may be renewed for an additional period of another 10 years unless North Dakota State University gives the FargoDome Authority six months in advance at the end of any 10-year term their intent to not renew the lease. The annual rent will be increased 5% every ten years during the term of the lease. Rental income amounted to \$79,565 and \$77,092 in 2019 and 2018, respectively. Future minimum lease payments excluding considering for variable costs associated with electrical usage and generator operating costs are:

Baseball Stadium Lease

The City of Fargo constructed a baseball stadium in 1996, and as lessor, has leased the stadium to Fargo Baseball, LLC and North Dakota State University under separate lease agreements.

Fargo Baseball, LLC, as lessee, has leased the stadium for exclusive lease from May 29th of each year through the end of each baseball season. The lessee will pay the City funds raised from private suite and VIP seat licenses. A 30% commission from these revenue sources will be paid to the lessee by the City according to the lease agreement. The lessee retains the exclusive rights to the concession operations during the lease period. The lessee has responsibility for normal maintenance of the stadium and the lessor has responsibility for major structural improvements, maintenance and insurance.

North Dakota State University, as another lessee, has leased the stadium for an exclusive period from March 21st to May 29th of each season. NDSU has exclusive rights to the parking fees and concessions operations. The lease agreement expires in 2089, and is conditioned on the use of the premises as a stadium for professional baseball. After the City has been repaid all the money it advanced for initial construction of the stadium, or twenty years after the beginning date of the lease, whichever occurs first, the lease will automatically terminate if the premises are not used by a professional baseball team for 24 consecutive months, or have not been used for some other mutually agreeable purpose. Upon termination of the lease, the stadium and all fixtures will belong to NDSU with no further compensation due to the City. Because future payments are not known, a schedule of future minimum lease payments is not presented.

Net pension liability	18,082,579	1,916,512	8,303,079	11,696,012	-
Net OPEB liability	608,959	144,085	108,092	644,952	-
TOTAL	\$ 150,711,816	\$ 34,368,864	\$ 16,913,733	\$ 168,166,947	\$ 6,379,734

The General Fund has typically been used in prior years to liquidate the bulk of the liability for accumulated unpaid vacation. Smaller amounts have typically been liquidated by Community Development, HUD HOME, HUD HOME Participating Jurisdiction, and Parking Authority Special Revenue Funds.

Net pension liability was recorded at December 31, 2018 due to the implementation of *GASB Statement No. 68 Accounting and Financial Reporting for Pensions* and *GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date*. The General Fund will liquidate the bulk of the net pension liability.

The entire portion of accumulated unpaid vacation is considered short term for the reason that historically, unpaid vacation is utilized within one year either through vacation payouts when employees terminated their service with the City or with the use of annual leave throughout the year.

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

BONDS PAYABLE

A summary of bonds payable is shown below. A detailed listing of the individual bond issues is continued at the end of Note H.

	Original Interest Rates	Original Issue Amounts	Balance Remaining
GOVERNMENTAL ACTIVITIES			
Improvement bonds			
(Special assessment debt)	1.80 - 5.00%	\$ 524,045,000	\$ 450,485,000
General obligation bonds	1.00 - 5.00%	38,745,000	33,995,000
Sales tax revenue bonds	2.00 - 5.00%	83,887,000	65,696,000
Taxable annual appropriation bonds	3.30 - 4.47%	17,315,000	17,315,000
TOTAL		<u>\$ 663,992,000</u>	<u>\$ 567,491,000</u>
BUSINESS-TYPE ACTIVITIES			
Clean renewable energy bond	0.85%	\$ 1,500,000	\$ 200,000
Qualified Energy Conservation Bond	4.85%	2,875,000	2,228,931

TOTAL		<u>\$ 12,185,000</u>	<u>\$ 8,778,931</u>

There are a number of limitations and restrictions contained in the various bond indentures. The City is in compliance with all significant limitations and restrictions.

Revenue bonds payable at December 31, 2019, consist of two issues backed and serviced by sales tax and two issues backed and serviced by Solid Waste utility revenues.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

PLEDGED REVENUES

The City has pledged future sales tax revenues, net of specified operating expenses, to repay \$83.887 million in sales tax revenue bonds issued in 2013 and 2014. Proceeds from the bonds were used to finance the construction and installation of flood mitigation projects. Principal and interest paid for the current year was \$6,293,065. Net sales tax revenue totaled \$7,555,678 for the year.

The City has pledged future general fund appropriations to repay \$2.875 million in development bonds issued in 2009. Proceeds from the bond were used to finance the capital and equipment costs related to the construction of a new fire station in southwest Fargo. Principal and interest paid for the current year was \$188,188. Net general fund appropriations totaled \$188,188 for the year.

The City has pledged future solid waste byproduct revenues to repay \$1.5 million in clean renewable energy bonds issued in 2007. Proceeds from the bond were used to finance improvements to the landfill gas collection system. Principal and interest paid for the current year was \$102,550. Net solid waste byproduct revenue totaled \$27,474 for the year.

The City has pledged future landfill tipping fee revenue to repay \$2.875 million in qualified energy conservation taxable revenue bonds. Proceeds from the bond were used to finance the acquisition, installation and construction of equipment and facilities for the conversion of landfill gas to compressed natural gas. Principal and interest paid for the current year was \$296,373. Net landfill tipping fee revenue totaled \$8,903,000 for the year.

Debt service maturities for these revenue bonds at December 31, 2019, are as follows:

Sales Tax

Special assessment bonds are paid directly from debt service sinking funds. Special assessments are certified annually in amounts sufficient to pay the debt service requirement. Whenever all special assessments appropriated and collected for a special improvement district are insufficient to pay principal and interest then due on the special improvement bonds issued against such improvement district, the City of Fargo is to levy a tax upon all the taxable property in the City for the payment of such deficiency.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

The City of Fargo is subject to the North Dakota Century Code, which limits the amount of general obligation indebtedness (exclusive of revenue-producing utility debt, special assessment debt, tax increment debt, and Housing Authority debt) that the City may have outstanding to 5% of assessed valuation. On December 31, 2019, the statutory limit for the City was \$312,629,330 providing a debt margin of \$258,188,447. This calculation can be found in the statistical section of this report.

NOTES PAYABLE

The City has obtained financing from the State of North Dakota's State Revolving Loan Fund (SRLF) to finance expansion of the wastewater treatment facility, water treatment plant, sewer hook-up for Reile's Acres and Oxbow, storm sewer system, 45th street corridor interceptor project, north side sewer service facility project, transmission lines south side system project, a water tower project, clarifier improvements to the wastewater system, a wastewater stabilization pond project, and a regional stormwater pond.

The City has issued ten tax increment revenue notes subject to development agreements for housing and commercial redevelopment projects. The notes are payable from the future taxes generated by the redevelopment projects and will be paid to the developer annually as property taxes are collected from the tax increment project.

The City has obtained financing through direct bank loans to finance the Fargo Cass Public Health Expansion and Relocation project, the Red River Regional Dispatch Center project, the Solid Waste Baling Facility, Wastewater and Solid Waste equipment, the FM Diversion project, and the Mercantile Parking Ramp.

The City has obtained financing through the Bank of North Dakota to finance construction costs of Improvement District projects.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

I. DEFERRED INFLOW OF RESOURCES/UNEARNED REVENUES

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. A large portion of the amount unavailable relates to special assessments receivable which will be used to pay off refunding improvement and sidewalk bonds. Governmental funds also report unearned revenue in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unearned revenue in the governmental funds were as follows:

	Deferred Inflows of Resources Unavailable	Liabilities Unearned	Total
Delinquent property taxes receivable	\$ 379,292	\$ -	\$ 379,292
Special assessments receivable	429,489,344	-	429,489,344
Grant resources held and grant items receivable	86,030	276,594	362,624
Loans/contracts/accounts receivable	3,031,198	1,647,148	4,678,346
Total unavailable revenue for governmental funds	<u>\$ 432,985,864</u>	<u>\$ 1,923,742</u>	<u>\$ 434,909,606</u>

J. CONDUIT DEBT OBLIGATIONS

From time to time, the City has approved issuance of Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2019, the number of Industrial Revenue Bonds outstanding and the aggregate principal amount payable is unknown. Neither the State of North Dakota nor the City of Fargo has a central repository. The only requirement for this type of issue is to request the amount needed for City approval, most times this amount is in excess of the actual amount issued. When completely paid or called they must notify the City of this event.

5. OTHER NOTES

A. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; business interruptions, errors and omissions; job related illness or injuries to employees; acts of God, and losses resulting from providing accident, health, dental and medical benefits to employees and retirees and their dependents or beneficiaries.

INSURED RISKS

The City purchases commercial insurance for the risk of damage to or destruction of buildings and equipment. Present coverage is provided by the State Fire and Tornado Fund as our primary property insurance carrier. The City's general liability coverage is provided by the North Dakota Insurance Reserve Fund. Other commercial insurance is also purchased for boiler, specialty equipment floaters, aircraft liability coverage and flood coverage for certain locations required by FEMA. A schedule of insurance in force is included in the supplementary information portions of this report. There have been no significant reductions to insurance coverage in the past year. There have been no insurance settlements in excess of the City's coverage in the past three years.

B. PENSION PLANS

The City of Fargo contributes to four separate pension plans which cover substantially all full-time employees. They are the North Dakota Public Employee Retirement System, Employees' Pension Plan, Police Pension Plan, and the Fargo Firefighters' Relief Association Retirement Plan. All of these plans are defined benefit pension systems. The Fargo Firefighters' Relief Association Retirement Plan and the North Dakota Public Employee Retirement System are separate legal entities and are not administered by the City. The plans have not been included in the reporting entity and are not shown in the accompanying financial statements. Details regarding this fund are described below.

Summary of Significant Accounting Policies

Basis of Accounting - The City's financial statements are prepared using the accrual basis of accounting. Employer and plan member contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments - Investments are reported at fair value. Certificates of deposit are reported at cost, which approximates fair value. Securities traded on national or international exchange are valued at the last reported sales price at current exchange rates.

Plan Description, Contribution and Reserves Information

Employees' Pension Plan

Plan Description The City of Fargo Employees' Pension plan is a multiple employer public employee retirement system. The plan is integrated with social security and therefore, is considered a supplemental plan. All full-time City employees not covered by another plan are eligible for participation in the Employees' Pension Plan. As of January 1, 2008 all newly hired employees become North Dakota Public Employee Retirement System (NDPERS) members. Voluntary enrollment in the NDPERS plan was offered to all members currently participating in the City Employee Pension Plan.

Membership in the plan on December 31, 2019 (date of most recent actuarial study) is as follows:

Retirees and beneficiaries	243
Terminated vested and deferred beneficiaries	54
City active plan members	96
NDPERS active plan members	163

Number of participating employers: 2

Employees under a discounted annuity formula may be eligible for early, normal or disability retirement. The plan permits early retirement at age 55. Normal retirement age for full benefits is age 65 or when an employee's age plus their years of service as a full time city employee reaches a sum of 90.

Employee death benefits of \$20,000 are paid to a designated beneficiary for a participant who dies prior to retirement. If a participant dies after retirement, the designated beneficiary will receive a \$3,000 death benefit.

All participants are eligible for a full refund of their contributions plus interest at 5%. Upon termination of employment prior to retirement age, participants may elect a deferred vested benefit to begin between ages 55-65 or a lump sum payment. Lump sum settlements are allowable up to age 55. Lump sum payments are computed as the greater of the actuarial value of plan assets or the "cash balance" in their plan account. The cash balance consists of the employee contributions, plus one-half of the employer's contribution since January 1, 1990, plus interest at 5%.

The City makes a matching contribution of \$25 per month to a deferred compensation plan on behalf of pension plan members who also contribute a minimum of \$25 per month to the deferred compensation plan.

Benefit provisions are established under the authority of the City Commission.

Plan Administration Management of the plan consists of 7 members; the Mayor, City Attorney, City Auditor, Director of Finance, and 4 at large members elected by all plan members. Elected members serve 2-year terms.

Contributions. Participating employees contribute to the plan at a rate of 6.5% of salary and the employers contribute at a rate of 8.0% of regular salary for all employees. The

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

contribution rates are established by local ordinance, and the employer's contribution rate is set by the City Commission. Costs of administering the plan are financed by the employer and employee contributions, and by the Plan's investment earnings.

Actuarial Methods and Assumptions

The City's net pension liability was measured as of December 31, 2019, and the total pension liability was used to calculate the net pension liability was determined by an actuarial valuation.

The total pension liability in the actuarial valuation was determined using the following actuarial assumptions.

Significant Assumptions and Methods Used to Measure the Total Pension Liability

Discount rate	7.25%
Expected return on plan assets	7.25%
Inflation rate	2.50%
Actuarial cost method	Entry age normal in accordance with the requirements of GASB 67/68
Asset valuation method	Market value of assets
Mortality	Base RP-2014 no-collar table adjusted to 2006. Generational projection using scale MP-2017 was applied to these base rates after 2006.

Long-term Expected Investment Return The long-term expected rate of return on pension plan investments was determined by the employer. We verified the reasonability of the assumption using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation (2.50%). All results are then rounded to the nearest quarter percentage point.

The best-estimates of expected future asset class returns were published in the 2016 Survey of Capital Market Assumptions produced by Horizon Actuarial Services. These expected returns, along with expected asset class standard deviations and correlation coefficients, are based on Horizon's annual survey of investment advisory firms. The expected inflation assumption was developed based on an analysis of historical experience blended with forward-looking expectations available in market data.

Best-estimates of geometric real and nominal rates of return for each major asset class included in the pension plan's asset allocation as of the measurement date are summarized in the following table:

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Asset Class	Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Real Rate of Return ¹
Domestic equity	42.00%	5.58%	8.33%
International equity	16.00%	5.71%	8.46%
Emerging markets equity	7.00%	6.80%	9.55%
Core fixed income	26.00%	2.27%	5.02%
Investment grade corporate	2.25%	2.56%	5.31%
High yield	2.25%	4.50%	7.25%
Emerging markets debt	2.25%	4.12%	6.87%
Bank loans	2.25%	1.63%	4.38%
Total ²	100.00%		7.81%
Reduced for assumed investment expense ³			-0.50%
Net assumed investment return (weighted avg, rounded to 1/4%)			7.25%

1 Nominal rates of return are equal to real rates of return plus the assumed inflation rate.
2 Portfolio total expected return is weighted average of arithmetic asset class returns, with adjustment to reflect geometric averages. It is not equal to the weighted average of the asset class geometric returns shown above.
3 Investment expense reduction assumes 0.4% investment expense and 0.1% margin for adverse deviation.

Schedule of Changes in Net Pension Liability

The following chart summarize the changes in the key items during the year:

Changes in Net Pension Liability				
	Increase (Decrease)			
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (c) = (a) - (b)	
Balance at 1/1/2019	\$ 59,131,377	\$ 44,439,112	\$ 14,692,265	
Changes for the year:				
Service cost	401,832	-	401,832	
Interest	4,191,703	-	4,191,703	
Differences between expected and actual experience	(333,799)	-	(333,799)	
Contributions - City and Park District	-	2,233,282	(2,233,282)	
Contributions - member	-	450,243	(450,243)	
Net investment income	-	9,229,281	(9,229,281)	
Benefit payments, including refund of member contributions	(3,433,240)	(3,433,240)	-	
Administrative expense	-	(56,158)	56,158	
Net changes	826,496	8,423,408	(7,596,912)	
Balance at 12/31/2019 Measurement Date	\$ 59,957,873	\$ 52,862,520	\$ 7,095,353	

The following presents the net pension liability of the City calculated using a discount rate of 7.25%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

Sensitivity of the Net Pension Liability to Changes in the Discount Rate				
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability	City of Fargo Proportionate Share of the Net Pension Liability
1% Decrease in Discount Rate (6.25%)	\$ 66,099,725	\$ 52,862,520	\$ 13,237,205	\$ 11,771,846
Current Discount Rate (7.25%)	59,957,873	52,862,520	7,095,353	6,309,897
1% Increase in Discount Rate (8.25%)	54,715,449	52,862,520	1,852,929	1,647,810

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2019, the City recognized pension expense of \$522,849. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Outflows</u>	<u>Inflows</u>
<u>Summary of Deferred Outflows (Inflows)</u>		
Difference between expected and actual experience	\$ 200,129	\$ 251,507
Change of assumptions and methods	17,585	388,791
Net difference between projected and actual investment earnings	-	2,194,891
Changes in proportion and differences between Employer contributions and proportionate share of contributions	<u>79,794</u>	<u>96,877</u>
Total	\$ 297,508	\$ 2,932,066

The deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended:</u>	<u>Future recognition</u>
2020	\$ (856,575)
2021	(700,526)
2022	(6,153)
2023	(1,071,304)
2024	-
Thereafter	-
	<u>\$ (2,634,558)</u>

Reserves The net position at December 31, 2019 is \$52,862,520 and the entire amount is reserved for employee pension benefits.

The City Employees' Pension Plan is included in the City of Fargo financial statements. It does not issue a stand-alone report, nor is it included in the report of any other entity.

North Dakota Public Employee Retirement System Pension Plan

Plan Description As of January 1, 2008, all newly hired full-time and certain part-time employees (with the exception of Police and Fire department employees) of the City of Fargo are covered by defined benefit plans administered by the North Dakota Public Employee Retirement System (NDPERS). Voluntary enrollment in the NDPERS plan was offered to all members currently participating in the City Employee Pension Plan.

Summary of Significant Accounting Policies

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the North Dakota Public Employees Retirement System and additions to/deductions from NDPERS' fiduciary net position have been determined on the same basis as they are reported by NDPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

North Dakota Public Employees Retirement System (Main System)

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDCC Chapter 54-52 for more complete information.

NDPERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all employees of the State of North Dakota, its agencies and various participating political subdivisions. NDPERS provides for pension, death and disability benefits. The cost to administer the plan is financed through the contributions and investment earnings of the plan.

Responsibility for administration of the NDPERS defined benefit pension plan is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system, one member elected by the retired public employees and two members of the legislative assembly appointed by the chairman of the legislative management.

Pension Benefits

Benefits are set by statute. NDPERS has no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Member of the Main System are entitled to unreduced monthly pension benefits beginning when the sum of age and years of credited service equal or exceed 85 (Rule of 85), or at normal retirement age (65). For members hired on or after January 1, 2016 the Rule of 85 was replaced with the Rule of 90 with a minimum age of 60. The monthly pension benefit is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. For members hired on or after January 1, 2020 the 2.00% multiplier was replaced with a 1.75% multiplier. The plan permits early retirement at ages 55-64 with three or more years of service.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

Death and Disability Benefits

Death and disability benefits are set by statute. If an active member dies with less than three years of service for the Main System, a death benefit equal to the value of the member's accumulated contributions, plus interest, is paid to the member's beneficiary. If the member has earned more than three years of credited service for the Main System, the surviving spouse will be entitled to a single payment refund, life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit, or monthly payments in an amount equal to the member's accrued 100% Joint and Survivor retirement benefit if the member had reached normal retirement age prior to date of death. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

Eligible members who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits equal to 25% of their final average salary with a minimum benefit of \$100. To qualify under this section, the member has to become disabled during the period of eligible employment and apply for benefits within one year of termination. The definition for disabled is set by the NDPERS in the North Dakota Administrative Code.

Refunds of Member Account Balance

Upon termination, if a member of the Main System is not vested (is not 65 or does not have three years of service), they will receive the accumulated member contributions and vested employer contributions, plus interest, or may elect to receive this amount at a later date. If the member has vested, they have the option of applying for a refund or can remain as a terminated vested participant. If a member terminated and withdrew their accumulated member contribution and is subsequently reemployed, they have the option of repurchasing their previous service.

Member and Employer Contributions

Member and employer contributions paid to NDPERS are set by statute and are established as a percent of salaries and wages. Member contribution rates are 7% and employer contribution rates are 7.12% of covered compensation. For members hired on or after January 1, 2020 member contribution rates are 7% and employer contribution rates are 8.26% of covered compensation

The member's account balance includes the vested employer contributions equal to the member's contributions to an eligible deferred compensation plan. The minimum member contribution is \$25 and the maximum may not exceed the following:

- 1 to 12 months of service – Greater of one percent of monthly salary or \$25
- 13 to 24 months of service – Greater of two percent of monthly salary or \$25
- 25 to 36 months of service – Greater of three percent of monthly salary or \$25
- Longer than 36 months of service – Greater of four percent of monthly salary or \$25

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2019, the City reported a liability of \$38,609,013 for its proportionate share of the net pension liability. The net pension liability was measured as of 6/30/2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Employer's proportion of the net pension liability was based on the Employer's share of covered payroll in the Main System pension plan relative to the covered payroll of all participating Main System employers. At 6/30/2019, the Employer's proportion was 3.294081 percent.

For the year ended 12/31/2019, the Employer recognized pension expense of \$5,705,117. At 12/31/2019, the Employer reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 22,862	\$ 7,006,799
Changes of assumptions	14,427,173	12,386,977
Net difference between projected and actual earnings on pension plan investments	672,662	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	3,580,077	(1)
Employer contributions subsequent to the measurement date (see below)	1,468,374 *	-
Total	<u>\$ 20,171,148 *</u>	<u>\$ 19,393,775</u>

\$1,468,374 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended 12/31/2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows.

<u>Year Ended June 30:</u>		
2019	\$	2,460,732
2020		1,499,727
2021		(551,478)
2022		(3,073,137)
2023		(1,006,845)
Thereafter		-
Total	\$	(671,001)

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Actuarial assumptions. The total pension liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%	
Salary increase	For June, 30, 2019:	
(Payroll Growth)	Service at Beginning of Year:	Increase Rate:
	0	15.00%
	1	10.00%
	2	8.00%
	Age*	
	Under 30	10.00%
	30-39	7.50%
	40-49	6.75%
	50-59	6.50%
	60+	5.25%
	*Age-based salary increase rates apply for employees with three or more years of service	
Investment Rate of Return	7.50%, net of investment expense, including inflation.	
Cost-of-living adjustments	None	

For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table set back two years for males and three years for females, projected generationally using the SSA 2014 Intermediate Cost scale from 2014. For disabled retirees, mortality rates were based on the RP-2000 Disabled Mortality Table set back one year for males (no setback for females) multiplied by 125%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	30%	6.25%
International Equity	21%	6.95%
Private Equity	7%	10.15%
Domestic Fixed Income	23%	2.11%
International Fixed Income	0%	0.00%
Global Real Assets	19%	5.41%
Cash Equivalents	0%	0.00%

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Discount rate. For PERS, GASB Statement No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the System to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The current employer and employee fixed rate contributions are assumed to be made in each future year. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. In years where assets are not projected to be sufficient to meet benefit payments, which is the case for the PERS plan, the use of a municipal bond rate is required.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.13%; and the resulting Single Discount Rate is 7.50%.

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate. The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease (5.32%)	Current Discount Rate (6.32%)	1% Increase (7.32%)
Employer's proportionate share of the net pension liability	\$55,357,013	\$38,609,013	\$24,537,765

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued NDPERS financial report.

NDPERS issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained on the internet at www.nd.gov/ndpers , or by writing to NDPERS at PO Box 1657, Bismarck, ND 58502.

Police Pension Plan

Plan Description The Police Pension Plan is a single employer public employee retirement system. The plan is not integrated with Social Security and has elected to make contributions on a pre-tax basis as of January 1, 1986.

All full-time employees of the Police department, except the Chief of Police, are required to enroll in the plan.

Membership on December 31, 2019, (date of most recent actuarial study) in the plan is as follows:

Retirees and beneficiaries currently receiving pension payments	115
Fully vested members contributing	86
Non vested members contributing	116
Terminated vested employees	14

Number of participating employers: 1

Plan participants are eligible for normal retirement benefits after age 50 with 10 years of service under 2.65% per year of service formula, plus \$8.33 per year of service, maximum \$250. This is applicable to all new members who participate on or after August 1, 1990. Members who first participated prior to August 1, 1990, can elect this retirement age formula or remain under the Rule of 88, 60% formula.

The Plan purchases life insurance for active employees, the proceeds of which are paid to a designated beneficiary in the amount of \$65,000. The designated beneficiary will also receive the participant's employee contribution plus interest earned on contributions at 6% per annum. Interest is accrued on contributions starting January 1, 1970. Non-active participant's death benefit is \$40,000 for retirements after September 1985, and \$25,000 for retirements between July 25, 1983 and September 30, 1985.

Participants are fully vested in plan benefits after 10 years of service. Upon termination of employment prior to retirement age, participants may elect a deferred vested benefit to begin at the early retirement date, or may elect a refund of all employee contributions plus interest at 6% per annum, in lieu of a deferred vested benefit.

Benefit provisions are established under the authority of the City Commission.

Plan Administration Management of the plan consists of 5 members; the Director of Finance is the member designated by the Board of City Commissioners and 4 members are elected by and from the members of the police department who are currently being assessed. Elected members serve 4-year terms.

Contributions Employees contribute at a rate of 10.0% of salary. The City contributes at a rate of 15.65% of salary for members employed prior to April 1, 1986, and a rate of 14.20% of salary for members employed after April 1, 1986. Costs of administering the plan are financed by the employer and employee contributions, and by the Plan's investment earnings.

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Actuarial Methods and Assumptions

The City's net pension liability was measured as of December 31, 2019, and the total pension liability was used to calculate the net pension liability was determined by an actuarial valuation.

The total pension liability in the actuarial valuation was determined using the following actuarial assumptions.

Significant Assumptions and Methods Used to Measure the Total Pension Liability

Discount rate	7.25%
Expected return on plan assets	7.25%
Inflation rate	2.50%
Actuarial cost method	Entry age normal in accordance with the requirements of GASB 67/68
Asset valuation method	Market value of assets
Mortality	Base RP-2014 no-collar table adjusted to 2006. Generational projection using scale MP-2017 was applied to these base rates after 2006.

Long-term Expected Investment Return The long-term expected rate of return on pension plan investments was determined by the employer. We verified the reasonability of the assumption using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation (2.50%). All results are then rounded to the nearest quarter percentage point.

The best-estimates of expected future asset class returns were published in the 2016 Survey of Capital Market Assumptions produced by Horizon Actuarial Services. These expected returns, along with expected asset class standard deviations and correlation coefficients, are based on Horizon's annual survey of investment advisory firms. The expected inflation assumption was developed based on an analysis of historical experience blended with forward-looking expectations available in market data.

Best-estimates of geometric real and nominal rates of return for each major asset class included in the pension plan's asset allocation as of the measurement date are summarized in the following table:

Asset Class	Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Real Rate of Return ¹
Domestic large cap equity	54.00%	5.58%	8.33%
International equity	16.00%	571.00%	8.46%
US aggregate fixed income	25.00%	2.27%	5.02%
Global fixed income	5.00%	1.39%	4.14%
Total ²			7.64%
Reduced for assumed investment expense			-0.40%
Net assumed investment return (weighted avg, rounded to 1/4%)			7.25%

1 Nominal rates of return are equal to real rates of return plus the assumed inflation rate.

2 Portfolio total expected return is weighted average of arithmetic asset class returns, with adjustment to reflect geometric averages. It is not equal to the weighted average of the asset class geometric returns shown above.

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Schedule of Changes in Net Pension Liability

The following chart summarize the changes in the key items during the year:

Changes in Net Pension Liability			
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (c) = (a) - (b)
Balance at 1/1/2019	\$ 78,075,001	\$ 55,836,717	\$ 22,238,284
Changes for the year:			
Service cost	2,285,820	-	2,285,820
Interest	5,686,744	-	5,686,744
Differences between expected and actual experience	888,233	-	888,233
Changes of assumptions	-	-	-
Contributions - City and Pension Stability Fund	-	3,107,627	(3,107,627)
Contributions - member	-	1,326,151	(1,326,151)
Net investment income	-	12,107,073	(12,107,073)
Benefit payments, including refund of member contributions	(3,845,938)	(3,845,938)	-
Administrative expense	-	(39,744)	39,744
Net changes	5,014,859	12,655,169	(7,640,310)
Balance at 12/31/2019 Measurement Date	\$ 83,089,860	\$ 68,491,886	\$ 14,597,974

The following presents the net pension liability of the City calculated using a discount rate of 7.25%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
1% Decrease in Discount Rate (6.25%)	\$ 93,821,394	\$ 68,491,886	\$ 25,329,508
Current Discount Rate (7.25%)	83,089,860	68,491,886	14,597,974
1% Increase in Discount Rate (8.25%)	74,173,407	68,491,886	5,681,521

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2019, the City recognized pension expense of \$2,663,859. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Outflows	Inflows
Summary of Deferred Outflows (Inflows)		
Difference between expected and actual liability	\$ 1,403,355	\$ 296,005
Change of assumptions and methods	602,582	600,104
Net difference between projected and actual investment earnings	-	3,773,288
Total	\$ 2,005,937	\$ 4,669,397

The deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Year ended:	Future recognition
2020	\$ (668,586)
2021	(701,041)
2022	141,133
2023	(1,597,796)
2024	5,435
Thereafter	157,395
	<u>\$ (2,663,460)</u>

Reserves The net position at December 31, 2019 is \$68,491,886 and the entire amount is reserved for employee pension benefits.

The Police Pension Plan is included in the City of Fargo financial statements. It does not issue a stand-alone report, nor is it included in the report of any other entity.

Fargo Firefighters' Relief Association Retirement Plan

Plan Description The Fargo Firefighters' Relief Association Retirement Plan is a single employer public employee retirement system governed by Section 18-11 of the North Dakota State Century Code. The Association is organized, operated, and maintained in accordance with its own articles of incorporation and by-laws. The plan is not integrated with social security and has elected to make employee contributions on a pre-tax basis as of January 1, 1996

All full time firefighters are required to enroll in the plan.

Membership on December 31, 2019, (date of most recent actuarial study) in the plan is as follows:

Active plan members	119
Deferred vested	7
Retirees, disabled, and beneficiaries	90

Number of participating employers: 1

Plan participants are eligible for normal retirement at age 55 with 10 years of eligible service. Effective August 1, 2001, the benefit formula was improved to provide 2.50% of earnings times years of service. The result is taken times the salary of a first class firefighter to determine the monthly pension benefit amount. A monthly disability service pension benefit is also provided under an alternative formula along with family death benefits.

In lieu of any other benefits from the plan, a member may request a lump sum payment of employee contributions without interest.

Benefit provisions and changes to benefit formulas are established under the authority of the plan's Board of Directors.

Plan Administration Management of the plan consists of a 7 member Board of Trustees, with a President, Vice-President, Secretary-Treasurer, and four (4) Trustees-at-large. One of the Trustees can be the Chief of the Fargo Fire Department. At each annual meeting of

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

the Association, Trustees shall be elected by the voting membership for a term of two (2) years each to succeed those Trustees whose terms are expiring.

Contributions Participating employees contribute to the plan at a rate of 10.4% of salary and the City contributes at a rate of 15.65% for pre-1986 employees and 14.20% for post 1986 employees covered by Medicare. Costs of administering the plan are financed by the employer and employee contributions, and by the Plan's investment earnings.

Actuarial Methods and Assumptions

The City's net pension liability was measured as of December 31, 2019, and the total pension liability was used to calculate the net pension liability was determined by an actuarial valuation.

The total pension liability in the actuarial valuation was determined using the following actuarial assumptions.

Significant Assumptions and Methods Used to Measure the Total Pension Liability

Discount rate	7.25%
Expected return on plan assets	7.25%
Inflation rate	2.50%
Actuarial cost method	Entry age normal in accordance with the requirements of GASB 67/68
Asset valuation method	Market value of assets
Mortality	Base RP-2014 no-collar table adjusted to 2006. Generational projection using scale MP-2017 was applied to these base rates after 2006.

Long-term Expected Investment Return The long-term expected rate of return on pension plan investments was determined by the employer. We verified the reasonability of the assumption using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation (2.75%). All results are then rounded to the nearest quarter percentage point.

The best-estimates of expected future asset class returns were published in the 2016 Survey of Capital Market Assumptions produced by Horizon Actuarial Services. These expected returns, along with expected asset class standard deviations and correlation coefficients, are based on Horizon's annual survey of investment advisory firms. The expected inflation assumption was developed based on an analysis of historical experience blended with forward-looking expectations available in market data.

Best-estimates of geometric real and nominal rates of return for each major asset class included in the pension plan's asset allocation as of the measurement date are summarized in the following table:

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

Asset Class	Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Real Rate of Return ¹
Domestic large cap equity	54.00%	5.58%	8.33%
International equity	16.00%	5.71%	8.46%
US aggregate fixed income	25.00%	2.27%	5.02%
Global fixed income	5.00%	1.39%	4.14%
Total ²			7.64%
Reduced for assumed investment expense			-0.40%
Net assumed investment return (weighted avg, rounded to 1/4%)			7.25%

1 Nominal rates of return are equal to real rates of return plus the assumed inflation rate.
2 Portfolio total expected return is weighted average of arithmetic asset class returns, with adjustment to reflect geometric averages. It is not equal to the weighted average of the asset class geometric returns shown above.

The City is legally obligated to contribute to the plan based upon a certain formula established by State law. The City has chosen to fund this obligation by paying the same percentage of pay as other defined benefit plans.

Schedule of Changes in Net Pension Liability

The following chart summarize the changes in the key items during the year:

Changes in Net Pension Liability				
	Total Pension Liability	Increase (Decrease)		Net Pension Liability
	(a)	Plan Fiduciary Net Position		(c) = (a) - (b)
		(b)		
Balance at 1/1/2019	\$ 51,385,413	\$ 30,663,400		\$ 20,722,013

Related Party Investments

During 2019 and as of December 31, 2019 the pension plans (City Employees', Police and Firefighters Relief Association) held no securities issued by the City of Fargo or other related parties.

C. POST-EMPLOYMENT HEALTH CARE BENEFITS (OPEB)

Summary of Significant Accounting Policies

Other Post Employment Benefits (OPEB). For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the North Dakota Public Employees Retirement System (NDPERS) and additions to/deductions from NDPERS' fiduciary net position have been determined on the same basis as they are reported by NDPERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

North Dakota Public Employees Retirement System

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDAC Chapter 71-06 for more complete information.

NDPERS OPEB plan is a cost-sharing multiple-employer defined benefit OPEB plan that covers members receiving retirement benefits from the PERS, the HPRS, and Judges retired under Chapter 27-17 of the North Dakota Century Code a credit toward their monthly health insurance premium under the state health plan based upon the member's years of credited service. Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. . Effective August 1, 2019 the benefit may be used for any eligible health, prescription drug plan, dental, vision, or long term care plan premium expense. The Retiree Health Insurance Credit Fund is advance-funded on an actuarially determined basis.

Responsibility for administration of the NDPERS defined benefit OPEB plan is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system, one member elected by the retired public employees and two members of the legislative assembly appointed by the chairman of the legislative management.

OPEB Benefits

The employer contribution for the PERS, the HPRS and the Defined Contribution Plan is set by statute at 1.14% of covered compensation. The employer contribution for employees of the state board of career and technical education is 2.99% of covered compensation for a period of eight years ending October 1, 2015. Employees participating in the retirement plan as part-time/temporary members are required to contribute 1.14% of their covered compensation to the Retiree Health Insurance Credit Fund. Employees purchasing previous service credit are also required to make an employee contribution to the Fund. The benefit amount applied each year is shown as "*prefunded credit applied*" on the Statement of Changes in Plan Net Position for the

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

OPEB trust funds. Beginning January 1, 2020, members first enrolled in the NDPERS Main System and the Defined Contribution Plan on or after that date will not be eligible to participate in RHIC. Therefore, RHIC will become for the most part a closed plan. There were no other benefit changes during the year.

Retiree health insurance credit benefits and death and disability benefits are set by statute. There are no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Employees who are receiving monthly retirement benefits from the PERS, the HPRS, the Defined Contribution Plan, the Chapter 27-17 judges or an employee receiving disability benefits, or the spouse of a deceased annuitant receiving a surviving spouse benefit or if the member selected a joint and survivor option are eligible to receive a credit toward their monthly health insurance premium under the state health plan.

Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. Effective August 1, 2019 the benefit may be used for any eligible health, prescription drug plan, dental, vision, or long term care plan premium expense. The benefits are equal to \$5.00 for each of the employee's, or deceased employee's years of credited service not to exceed the premium in effect for selected coverage. The retiree health insurance credit is also available for early retirement with reduced benefits.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At 12/31/2019 the Employer reported a liability of \$2,469,528 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of 06/30/2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Employer's proportion of the net OPEB liability was based on the Employer's share of covered payroll in the OPEB plan relative to the covered payroll of all participating OPEB employers. At 06/30/2019, the Employer's proportion was 3.074660 percent.

For the year ended 12/31/2019, the Employer recognized OPEB expense of \$363,189. At 12/31/2019, the Employer reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Outflows	Inflows
Summary of Deferred Outflows (Inflows)		
Differences between expected and actual experience	\$ 60,984	\$ 77,145
Changes of assumptions and methods	294,325	-
Net difference between projected and actual earnings on OPEB plan investments	2,751	-
Changes in proportion and differences between Employer contributions and proportionate share of contributions	165,357	6,811
Employer contributions subsequent to the measurement date	16,739	-
Total	<u>\$ 540,156</u>	<u>\$ 83,956</u>

CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

\$16,739 reported as deferred outflows of resources related to OPEB resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended 12/31/2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEBs will be recognized in OPEB expense as follows:

Year ended:	Future recognition
2020	\$ 72,806
2021	72,806
2022	95,795
2023	91,576
2024	66,625
Thereafter	39,853
	<u>\$ 439,461</u>

Actuarial assumptions. The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	Not applicable
Investment rate of return	7.25%, net of investment expenses
Cost-of-living adjustments	None

For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table set back two years for males and three years for females, projected generationally using the SSA 2014 Intermediate Cost scale from 2014. For disabled retirees, mortality rates were based on the RP-2000 Disabled Mortality Table set back one year for males (no setback for females) multiplied by 125%.

The long-term expected investment rate of return assumption for the RHIC fund was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of RHIC investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Estimates of arithmetic real rates of return, for each major asset class included in the RHIC's target asset allocation as of July 1, 2019 are summarized in the following table:

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Domestic Equities	33%	6.00%
Small Cap Domestic Equities	6%	7.30%
International Equities	40%	2.07%
Core-Plus Fixed Income	21%	6.95%

Discount rate. The discount rate used to measure the total OPEB liability was 7.25%. The projection of cash flows used to determine the discount rate assumed plan member and statutory/Board approved employer contributions will be made at rates equal to those based on the July 1, 2018, and July 1, 2017, HPRS actuarial valuation reports. For this purpose, only employer contributions that are intended to fund benefits of current RHIC members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries are not included. Based on those assumptions, the RHIC fiduciary net position was projected to be sufficient to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on RHIC investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Employer's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the net OPEB liability of the Plans as of June 30, 2019, calculated using the discount rate of 7.25%, as well as what the RHIC net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Employer's proportionate share of the net OPEB liability	\$ 3,152,023	\$ 2,469,528	\$ 1,885,310

D. JOINT POWERS AGREEMENT

Regional Dispatch Center

In December of 2002, the City of Fargo, ND, City of Moorhead, MN, Clay County of MN and Cass County of ND entered into a joint powers agreement to establish a framework that allows for the joint operation of dispatch functions by the named entities. Additionally, the City of West Fargo, ND entered into the joint powers agreement in 2008. By combining the communications and dispatch of these agencies, duplication of equipment and staff time is reduced or eliminated. The goal was to reduce the financial burden to the respective governments' taxpayers through the sharing of one communication center, as well as to improve communications services.

Effective January 1, 2015 the joint powers agreement was amended as a result of the county-wide vote in November 2014, which ended the City of West Fargo and City of Fargo collections of emergency communication system fees on an individual city-wide basis. Cass County emergency fee collection, which is collected per user by the county, is expected to be sufficient to cover the contribution for the City of Fargo, West Fargo and Cass County.

**CITY OF FARGO, NORTH DAKOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

Cass County has agreed to pay all valid billings from vendors of emergency service communication system funds for all users in Cass County.

Prior to 2015, each governmental entity contributed to the joint operations in the following percentages:

City of Fargo – 50%
City of Moorhead – 20%
Cass County – 10%
Clay County – 11%
City of West Fargo – 9%

Effective January 1, 2015, the cost share formula was amended as follows:

City of Fargo – 0%
City of Moorhead – 18.2%
Cass County – 71.8%
Clay County – 10%
City of West Fargo – 0%

Members of the RRRDC may elect to withdraw from participation in the Agreement upon giving a 6-month written notice. Additional financial information may be obtained by contacting: Attn: Director, Red River Regional Dispatch Center, 300 NP Avenue, Suite 206, Fargo, ND 58102.

Metro Flood Diversion Authority

In June of 2010, the City of Fargo, ND, City of Moorhead, MN, Clay County of MN, Cass County of ND, the Cass County Joint Water Resource District, and the Buffalo Red River Watershed District entered into a joint powers agreement for the purpose of building and operating a flood diversion channel along the Red River of the North to reduce the flood risk of the stakeholder communities and counties. The Diversion Authority and its members worked with the United States Army Corps of Engineers on the FM Metro Flood Risk Management Feasibility Study to develop the flood diversion channel project plan.

In June of 2016, the joint powers agreement was revised to exclude the Buffalo Red River Watershed District.

This joint powers agreement will continue to be in full force and effect until it is terminated upon unanimous approval of the members to this Agreement. Additional information regarding the authority may be obtained by contacting: Flood Diversion Board of Authority, Box 2806, 211 Ninth Street South, Fargo, ND 58108.

E. CONTINGENT LIABILITIES

Amounts received or receivables from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if

any, of expenditures which may be disallowed by the grantor cannot be determined at this time.

The City is a defendant in various lawsuits incident to its operations. In the opinion of City Counsel and management, such claims against the City, not covered by insurance, would not materially affect the financial condition of the City.

Metro Flood Diversion Project

The Diversion Project is the first project of the U.S. Army Corps of Engineers to use a public private partnership approach to project delivery. The City of Fargo is one of three non-federal sponsors of the project along with the City of Moorhead (Minnesota) and the Metro Flood Diversion Authority. The Authority is a joint powers entity established by a joint powers agreement between the cities of Fargo, Moorhead, the counties of Clay (Minnesota) and Cass (North Dakota) and the Cass County Joint Water Resource District. Although the Project's status carries with it all of the authority, immunities and limitations of liability associated with such federal authorization and implementation, given the level of the City of Fargo's involvement in the Project, there is a reasonable likelihood that the City will be named as a defendant in one or more claims or lawsuits related to the Project, its design, construction, financing, operations and/or maintenance. To the extent such claims would not be covered by insurance, they would not materially affect the financial condition of the City.

F. SUBSEQUENT EVENTS

On October 3, 2019, the Board of City Commissioners approved a resolution authorizing the issuance of \$11,525,000 Taxable Annual Appropriation Bonds, Series 2020A to finance the construction of the Mercantile Parking Garage. The bonds closed on January 30, 2020.

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. COVID-19 was subsequently declared a world-wide pandemic by the World Health Organization (WHO). On March 13, 2020, the President of the United States declared a national emergency concerning the COVID-19 outbreak. The City is closely monitoring the future impact of this unprecedented situation.

On January 7, 2020, Moody's Investor Service downgraded the City's underlying rating related to its general obligation debt to Aa2 from Aa1 and outstanding annual appropriation debt from A1 to Aa3.

Plan fiduciary net position as a percentage of the total OPEB liability	63.13%	61.89%	

Schedule of Employer Contributions ND Public Employees Retirement System OPEB Plan			
	12/31/2019	12/31/2018	
Statutorily required contribution	\$ 391,121	\$ 370,092	
Contributions in relation to the statutorily required contribution	\$ (391,121)	\$ (370,092)	
Contribution deficiency (excess)	\$ -	\$ -	
Employer's covered payroll	\$ 34,308,827	\$ 32,464,199	
Contributions as a percentage of covered payroll	1.14%	1.14%	

Changes of benefit terms.

Beginning January 1, 2020, members first enrolled in the NDPERS Main System and the Defined Contribution Plan on or after that date will not be eligible to participate in RHIC. Therefore, RHIC will become for the most part a closed plan. There have been no other changes in plan provisions since the previous actuarial valuation as of July 1, 2018.

Changes of assumptions.

The Board approved the following changes to the actuarial assumptions beginning with the July 1, 2019 valuation:

- The investment return assumption was lowered from 7.50% to 7.25%

All other actuarial assumptions and the actuarial cost method are unchanged from the last actuarial valuation as of July 1, 2018.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The City of Fargo utilizes sixteen special revenue funds.

City Share of Special Assessments - This fund is used to account for the portion of special improvement district projects that are not assessed back to the benefiting property owners, and to pay for the special assessments levied against City and HRA owned properties. Resources are derived from property tax revenue.

Noxious Weeds - This fund is used to account for the City's weed eradication programs. Resources are derived from property tax revenue.

Downtown Business Improvement District – This fund is used to account for acquisition and maintenance of the City's Downtown Business Improvement District. Resources are derived from special assessment revenue.

Convention & Visitors Bureau - This fund is used to account for the 3% hotel and motel excise tax that is assessed to promote tourism and conventions. The City has contracted with the Convention and Visitors Bureau to provide this service.

Neighborhood Stabilization - This fund is used to account for the programs which are currently participating in the Neighborhood Stabilization program. Resources are provided by annual entitlements from Federal Department of Housing and Urban Development.

Regional Training Center - This fund is used to account for the operations of the Regional Law Enforcement Training Center. This facility operates on annual contributions from West Fargo, Cass County, and the City of Fargo.

Parking Authority - This fund is used to account for the operations and maintenance of the City owned parking facilities. The City owns and operates eleven parking facilities in the Downtown area. Resources are derived from parking fee service charges.

Parking Repair and Replacement - This fund is used to account for any major repair or replacement of parking facilities.

Community Development - This fund is used to account for the programs which are currently participating in the Community Development Block Grant program and the Rental Rehabilitation program. Resources are provided by annual entitlements from Federal Department of Housing and Urban Development.

Housing and Urban Development (HUD) Home Participating Jurisdiction – This fund is used to account for the HOME program which provides resources for housing rehabilitation in the Community. Resources are provided by annual entitlements received directly from the Federal Department of Housing and Urban Development.

Housing and Urban Development (HUD) Home Program - This fund is used to account for the HOME program which provides resources for housing rehabilitation in the Community. Resources are provided by annual entitlements from the Federal Department of Housing and Urban Development.

NRI Loan Program - This fund is used to account for revolving loan activity relating to the City's Neighborhood Revitalization Initiative. Resources are derived from both private and public financing.

Court Forfeits - Assets that are forfeited by criminal defendants as ordered by the courts are placed in this fund and are used for local law enforcement.

Skyway Maintenance - This fund is used to account for maintenance of the Fargo skyway system. Resources are derived from special assessment revenue.

Baseball Stadium - This fund is used to account for the operations of the baseball stadium located on the NDSU campus. Resources are derived from private suites.

NONMAJOR ENTERPRISE FUNDS

The enterprise funds account for the operations that are financed and operated in a manner similar to private business enterprises where the intent of the City is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City has decided that periodic determination of the revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or for other purposes.

The City operates four nonmajor enterprise funds which are listed below.

Southeast Cass Sewer District - To account for user fee revenues derived from providing sanitary sewer services to the Southeast Cass Sanitary Sewer District, and the expenses and maintenance for this function.

Vector Control – To account for vector control operations involving mosquito control for the City of Fargo.

Street Lighting – To account for user fee revenues derived from providing street lighting services to the City of Fargo, and all expenses for the operation and maintenance of this function.

Forestry - To account for user fee revenues and donations from the Park Board derived from planting and maintaining trees on boulevards and in parks, and all expenses for the operation and maintenance of this function.

FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the City in trust or as an agent for individuals, private organizations, or other governmental units and/or other funds. The fiduciary funds of the City are described below.

PENSION TRUST FUNDS

City Employees' Pension Trust Fund is used to account for the activities of this defined benefit pension plan. All employees except those covered by other plans are members.

Police Pension Trust Fund is used to account for the activities of this defined benefit pension plan. All members of the Police Department are members of this plan.

The Pension Plan financial statements can be found in the notes to the financial statements, Note 5.

AGENCY FUNDS

The City has four agency funds used to account for assets held as an agent for others.

Performance Deposit Fund is used for deposits required by City ordinance for excavators, bid deposits, special assessment developer deposits, and other miscellaneous deposits.

Park District Specials Fund is used to account for special assessments collected and administered for the Fargo Park District.

Metro Flood Project Diversion Authority is used to account for the collection and disbursement of funds for the Metro Flood Project Diversion Authority.

Red River Regional Dispatch Center Fund is used to account for the collection and disbursement of funds for the Red River Regional Dispatch Center Fund.

STATISTICAL SECTION

This part of the City of Fargo's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	121
These schedules contain trend information to help the reader understand and assess how the government's financial position has changed over time.	
Revenue Capacity	126
These schedules contain information to assist the reader in understanding and assessing the factors affecting the government's ability to generate its own-source revenues.	
Debt Capacity	140
These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	
Demographic and Economic Information	154
These schedules offer demographic and economic information to (1) assist the reader in understanding the socioeconomic environment within which a government operates and (2) provide information that facilitates comparisons of financial statement information over time and among governments.	
Operating Information	157
These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB 34 in 2002; schedules presenting government-wide information include information beginning in that year.

Receipts are shown net of state administrative fee.

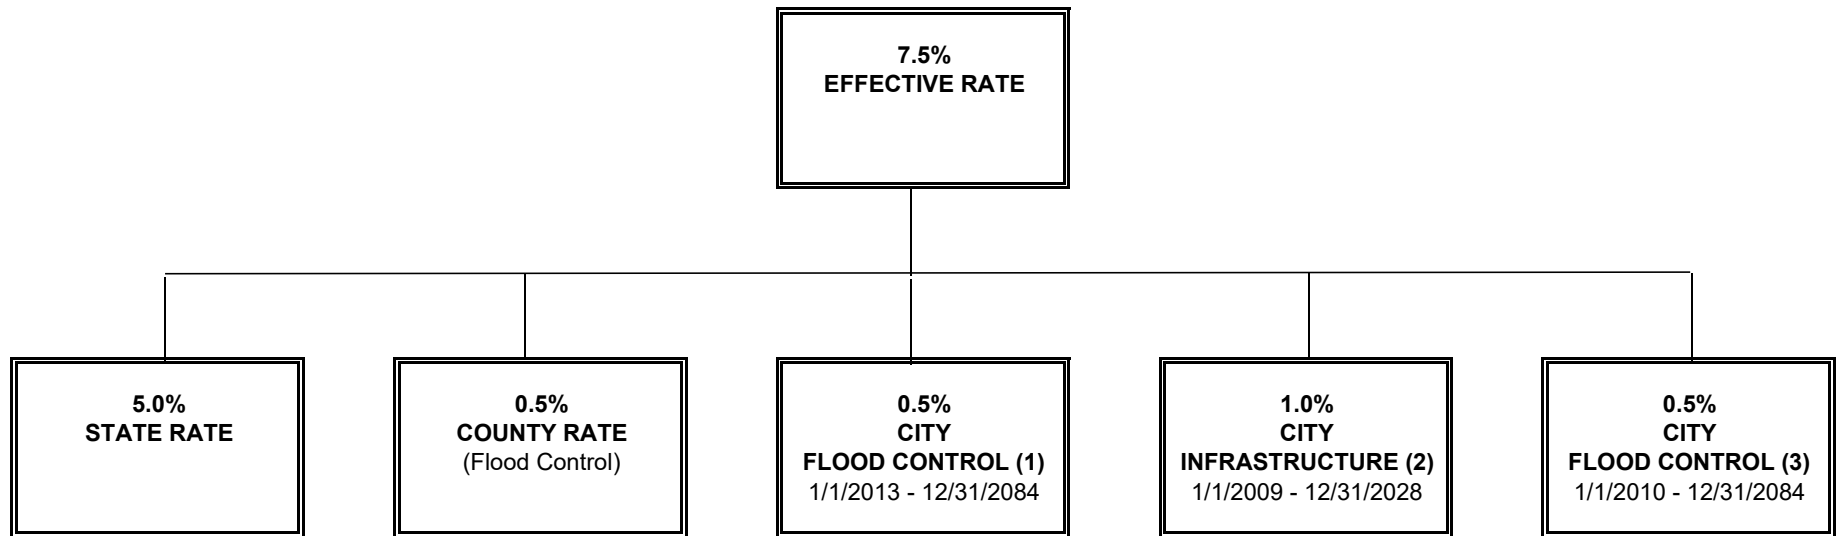

- (1) Beginning in 2009 a 1 cent sales tax was authorized through December 2028 for infrastructure capital improvement funding related primarily to an approved utility infrastructure master plan
- (2) Beginning in 2010 a 1/2 cent sales tax was authorized through December 2084 for flood risk protection, mitigation and reduction.
- (3) Beginning in 2013 a 1/2 cent sales tax was authorized through December 2032 for infrastructure improvements including flood protection, after January 1, 2017 all proceeds were redirected to flood protection, mitigation and reduction. In November 2016, the citizens of Fargo voted to extend the sales tax to expire December 2084 or earlier if all debt and obligations related to the flood control projects have been retired.

Source: The individual entity specified.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Fargo. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable property values. Applicable percentages are estimated by determining the portion of the entity's taxable value that is within the city's boundaries and dividing it by the entity's total taxable assessed value.
